C. tradition and welcome, to Los Angeles' Mayor Bowron who is an alumnus and chairman of the men's football banquet during homecoming week for 30,000 alumni, which begins Nov. 28. Other events include reunion banquets and teas for graduates of S.C.'s 24 schools and colleges, the men's and women's football banquets, women's Hi-Jinks with its "Cherchez la Femme" theme, interfraternity sing, frosh-soph brawl and Homecoming football dance after the game.

County Seeks New Laws to Save Taxes

New laws to provide savings to county taxpayers and for the benefit of employes, which the county will seek to have enacted into law at the forthcoming session of the State Legislature, are being drafted in the office of County Counsel J. H. O'Connor, at the request of the board of supervisors and department heads.

Adoption of a retirement system for employes of fire protection districts is sought by Spence Turner, county forester and fire warden. It would include deputy foresters, fire wardens and game wardens in active service.

Sheriff Eugene Biscailuz wants authority for his department to engage in character - building work, crime prevention and to conduct juvenile camps.

Would Transfer Patients

Legally responsible relatives may be required to bear the cost of prisoners' care at the county jail, if a proposal of Supervisor Gordon L. McDonough is enacted.

Huge savings to county taxpayers would result from a proposal of the supervisors to transfer the care of psychopathic patients from the county to the state government. The estimate is $250,000 annually. Relatives of psychopathic patients in county institutions would be legally responsible for the cost of their care under another proposal.

Authority to render library service in county institutions, such as the jail, Olive View sanatorium, the Rancho Los Amigos and the General Hospital is sought by Helen Vogleson, county librarian.

Record Crowd Attends Perry School Musical

More than 250 persons were fortunate in obtaining entry to the Perry school auditorium last Friday evening when an interesting musical program was presented in celebration of the first birthday of the school orchestra. But scores had to be turned away for lack of seating accommodations. This large attendance was deeply gratifying to the school staff, orchestra sponsors of the program and Mrs. Lela Gonner, Perry "school mother."

The orchestra of 26 pieces, directed by Mrs. Helen Pitney Spring, played a number of selections which were greatly enjoyed by the audience. The youngsters have made surprising progress in the year they have been rehearsing and now constitute a musical group of which any school much larger than the North Torrance institution could be proud. One of the outstanding features of the entertainment was a patriotic dialogue and tableau which depicted Dorothy Prior as the Goddess of Liberty and Ralph Mattle as Uncle Sam. These six-year-old youngsters ended their act with the ringing statement: "America stands for world peace!"

Cake Given Teacher

Singing games by the first and second grades, Mexican, Dutch and Japanese dances by the fourth, fifth and sixth grades, songs by the Girls' Glee club of the seventh and eighth grades, selections by the Boys' Glee club of the seventh and eighth grades and showing of a motion picture film were on the program. Special awards were won by Mrs. Nellie Pohl of 4910 Redondo Beach boulevard, who received a beautiful quilt, and Mary Cappileno, Mrs. C. W. Ellis, William Butterworth and Florence Archer.

Sponsors of the program were the wives of the school trustees, Mrs. John Clockworthy, Mrs. Lloyd Mitchell and Mrs. Gordon Mann. Speaking for the school, Mrs. Gonner expressed generous thanks for the assistance given the North Torrance institution and its fine orchestra by Torrance city officials and employes. Refreshments were served at the close of the program.

Children in the orchestra surprised their director, Mrs. Spring, with the presentation of a large cake in tribute to her devoted attention to their training.
