PLEASE READ:
and you'll probably save several hundred dollars.
In order to deal in volume it takes planning! It can't be done overnight. We happen to own our own property so "no rent to pay." We have been the leading Buick dealer for many years & have gone to great pains to take very good care of our customers. This means: A large repeat & referral business which in turn means hundreds of sales each month enabling us to reduce prices because of our low cost of doing business. One of the main reasons is this: In order to work close & insure you of the best possible deal we have to have a ready market for your used car & we know we can give you a higher trade allowance because we sell more used cars than any Buick dealer in the nation. This just didn't happen! We have (8) used car operations in the city. We take your trades & thoroughly recondition them & have a ready & waiting market for them. Also we handle our own contracts. We have no one to tell us how much down we need or how many months we can go! We can tailor deals to your own individual needs—See for yourself. ACT now.
