When you are next in the Nursery, ask to see a few of our complete Landscape Plans. These individual plans are all different, and developed especially for new homes as well as the older ones, and for city or country acreage. Each plan gives you complete information as to what to plant and where to plant it to fit into the style of your particular home, the correct number, names, prices, distances apart to plant, and ultimate height are all included. From one of these plans drawn especially for your own situation, you may easily do your own planting, knowing that the correct plant has been correctly chosen for each location. These plans are also a thing of beauty, as they are all done in color, and may be kept in your home for quick reference. Before you plant—PLAN!
