TORRANCE HERALD
ORDINANCE NO. 533
AN ORDINANCE REQUIRING REGISTRATION OF MEMBERS OF CERTAIN ORGANIZATIONS, AND PROVIDING FOR THE USE OF REGISTRATION STATEMENTS, AND LIMITING SOME ACTIVITIES OF REGISTRANTS.

The City Council of the City of Torrance does ordain as follows:

Section 1.

Within the meaning of this Ordinance.

(a) "Explosives" means gun powder, blasting powder, dynamite, and every other explosive substance having a power greater than or equal to ordinary black powder.

(b) "Weapons" means revolver, pistol, dagger, dirk, slug, high-powered air rifle, or billy.

(c) "Alias" means any name other than the true name of a person which such person uses or has used or which he or she is known by or has been known by.

(d) "Membership" means any person who is recognized by an organization as such or who is formally associated or affiliated with any organization or who accepts the policies or programs of any organization and who is active in its behalf.

Section 2:

The City Council of the City of Torrance finds that:

(a) There exist in the City of Torrance certain active organizations which are organized to reach ends and use methods which are incompatible with our present constitutional system of government in the United States, the State of California, the County of Los Angeles and the City of Torrance.

(b) The goal of these active organizations is the seizure power of government by and for a minority rather than to acquire power through the vote of a free electorate. They seek not merely a change of administration or reform legislation within the constitutional framework. Their program only begins with the seizure of government which then becomes a means to impose upon society an organization on principles fundamentally opposed to those presupposed by the Constitution of the United States. Their purpose is to forcibly recast our whole social and political structure after the muscovite model of police-state dictatorship. These organizations reject the entire religious and cultural heritage of Western civilization as well as American democratic political systems. Their program is a belated counter-revolution to the American Revolution designed to undo the Declaration of Independence, the Constitution, the Bill of Rights, and overturn our system of free representative self-government.

(c) These organizations are dominated and controlled by a foreign government. To the threat of civil disorder they add the threat of betrayal into alien hands. These organizations are not native to this country, and their beginnings here are not an effort of Americans to answer American problems.

(d) Violent and forceful means are the calculated and indispensable methods to attain the goal of these organizations. The international police state has crept over Eastern Europe, by deception, coercion coup d'etat, terrorism, and assassination. Not only has this international police state overpowered its critics and opponents, it has actually liquidated them. These organizations in the United States which are active in the City of Torrance have copied the organizational structure and their leaders have been schooled in the same techniques and from the same tutors which established the international police state in Europe. These organizations in the United States which are active in the City of Torrance have imported international police-state disciplines and techniques notwithstanding the fact that this country offers them a way to peaceful revolution by the ballot but instead of resting their case upon persuasion and any appeal inherent in their ideas and principles, these organizations adopt the technique of a secret cabal, false names, forged passports, code messages, and clandestine meetings. To these techniques they add occasional terroristic and threatening methods, such as picketing courts and juries, political strikes, violence, and destruction of real and personal property.

(e) That there exists within the perimeter of the City of Torrance a substantial and serious specific danger of use of force or violence by these organizations against the properties and persons of the governments of the City of Torrance, the County of Los Angeles, the State of California, and the United States. The City Council further finds that this danger is extremely serious in the City of Torrance. The City Council further finds that the degree of imminence of this danger is extremely high. It is further found that within the perimeter of the City of Torrance the continued activities of the members of these organizations will immediately bring about the substantial and serious specific evil of the use of force or violence by some of these organizations against the present form of governments of the City of Torrance, the County of Los Angeles, the State of California, and the United States. There is a clear and present danger which is very great and imminent that the techniques strategy and methods recently employed so successfully in other countries including acts of sabotage, coup d'etat, armed insurrection, assassination, terrorism, interruption of utility services, and organized insubordination of governmental employees, will be employed by members of these organizations in the City of Torrance.

(f) Because of the strategic location of the City of Torrance, its close proximity to an important embarkation point for military operation, the presence in the City of numerous large manufacturing plants devoted to the production of materials and supplies used by the United States armed forces, and the presence in the City of numerous manufacturing plants devoted to the production of materials and supplies necessary for the civilian defense of the citizens of the United States all possible measures under the law must be immediately taken to safeguard and prevent within the City any use of violence or forceful means for impairing the legal authority of the constitutional government or interfering with the military and civil defense of the city, state, nation or county.

(g) The City Council further specifically finds that

(1) registration of members of these organizations who reside in, are employed in, have their business in, or enter the City;

(2) the prevention of their possession of concealed weapons, explosives whether concealed or unconcealed; and

(3) denial of employment in the City of Torrance Disaster Council or any other civilian defense organization or agency in said City are reasonable measures by which to accomplish these ends.

Section 3.

Any person who resides in, does business in, is employed in, has a regular place of business in, or who regularly enters or travels through any part of the incorporated territory of the City of Torrance must register with the City of Torrance Police Department if he or she is a member of any organization described in paragraphs (a) or (b) immediately below:

(a) An organization that on or after the effective date of this Ordinance advocates as a present objective by speech, writing, or action the overthrow or destruction by force or violence of the present constitutional form of government of the City of Torrance, the County of Los Angeles, the State of California, or the United States.

(b) An organization that on or after the effective date of this Ordinance advocates as a present objective by speech, writing, or action the destruction, injury, illegal interference, or tampering with real or personal property in the City of Torrance as a means of accomplishing a hindrance, delay, interference or obstruction of the production or manufacturing of material or supplies for the United States military forces or for the civilian defense of citizens of the United States.

Section 9.

If any provision of this Ordinance or the application thereof to any person or circumstances is held invalid, the remainder of the Ordinance and the application of such provision to other persons or circumstances shall not be affected thereby.

Section 10.

This Ordinance is for the immediate preservation of the public peace, health, safety and general welfare and shall take effect immediately upon adoption. The facts constituting such necessity are outlined in Section 2 of this Ordinance.

Therefore this urgency Ordinance shall take effect immediately upon adoption.

Section 11.

This Ordinance shall take effect immediately upon adoption.

Section 12.

This Ordinance shall take immediate effect after the date of its adoption, and prior to the expiration of fifteen days from the passage hereof, the City Clerk shall cause same to be published once in the Torrance Herald, a newspaper printed, published and circulated in the City of Torrance, together with the names of the members of the City Council voting for and against the same.
