New Vehicle Laws Outlined by CHP

A summary of new laws affecting motorists has been released by the California Highway Patrol.

Motorcycles and motorcyclists will be affected by some of the laws adopted by the 1968 California Legislature and due to become effective Nov. 13.

Handgrips for motorcycle passengers will no longer be required; it will be legal for the passenger to hold onto the driver. However, a new law requires the passenger's feet to be on the footrests when the motorcycle is in motion. Riding sidesaddle is thus precluded.

Another change limits the height of motorcycle handlebars to 15 inches above the part of the sea occupied by the rider and depressed by his weight. The old law allowed measurement of the 15 inches from the highest part of the unoccupied seat.

Although motorcycles are not required to have windshields, only the safety variety of glazing material may be used after January 1, 1969, in motorcycle windshields using glazing material.

REMOVAL OF VEHICLES

Members of the California Highway Patrol and local law enforcement officers are authorized to impound any vehicle which is illegally parked and has no license plates or other evidence of registration displayed, under another new law effective Nov. 13.

This law was developed in response to a problem of growing dimensions around some universities and colleges, where drivers, parking illegally, deliberately removed all identification from their locked autos in order to avoid receiving a citation.

Parking a vehicle upon or within 7½ feet of any railroad track, whether on a railroad right - of - way or a highway, is illegal under another new law. Vehicles violating this section may be removed by law enforcement agencies.

Seatbelts for the driver and each passenger in driver training vehicles are now required and must be used by all occupants of the car when it is used for driver training purposes.

AMBULANCES

The regulating authority of the Highway Patrol over ambulances is strengthened in new legislation which provides for licensing of companies operating ambulances, rather than issuance of a permit for each vehicle used as an ambulance as formerly required. The new laws are designed to assure the public of more professional service.

The Highway Patrol has authority to suspend or revoke any license and to refuse to issue a license for a number of causes, including moral turpitude, acts of deceit, fraud or dishonesty where another was injured, misrepresentation of a material fact in application and failure to keep proper records.

OTHER RECORDS

The new legislation also gives the Patrol authority to issue licenses for operation of armored cars, transportation of explosives, official lamp and brake stations and installers, and official motor vehicle pollution control stations and installers. Previously, some of these activities operated under permits or certificates.

The licensing laws become effective Jan. 1, 1969

JOHN D. BRADY

S. WAYNE LYNCH
Gets New Post

Utility Appoints Division Manager

John D. Brady, Newhall Transmission Division manager for Southern California Gas Co., has been appointed manager of the utility's Southwest Division, it was announced this week by gas company President W. M. Jacobs.

Brady will replace S. Wayne Lynch, who has been named general manager of the College Park land development project in Fullerton. The project is a joint venture of Cypress Park Properties, Inc., and Uni-Plant Corp., a non-utility affiliate of the gas company.

A native of Upland, Calif., Brady began his gas company career in 1948 as a junior engineer. He held various staff and supervisory positions in the gas transmission field from 1952 to 1966, when he assumed his current job as Newhall Division manager.

Brady has been active in civic and service groups in the Newhall area. He also is a member of several industry organizations including the American and Pacific Coast gas associations.

Brady, his wife Claire and family plan to make their home in the Southwest Division, which serves the Centinela Valley and South Bay areas.

Lynch, who joined the gas company in 1945, has been Southwest Division manager since 1965. He is a member of several local organizations including the Inglewood Rotary Club and Chamber of Commerce.

Land for Apartments Purchased

Carson Estate Co. has purchased 4½ acres in Torrance to build "in excess of" 115 garden apartments, Thomas Caldwell Cooper, president, has announced.

Price of land, which fronts on Garnet Street near Emerald Street, three-quarters of a mile north of the Del Amo Center, was more than $325,000, according to Cooper.

The unimproved land was purchased from J. C. Miller and Oran J. McCarter.

Cooper said his company plans to build additional apartment complexes in and around the fast-growing Torrance area.

Carson Estate Co., which dates back to the original Dominguez Spanish Land Grant of 1784, already owns a number of other industrial and commercial properties in the vicinity, including the Dominguez Hills and the North Torrance shopping centers.
