Stops Tormenting Rectal Itch

Exclusive Formula Promptly Stops Itching, Burning and Pain of Piles in Most Cases

New York, N.Y. (Special): One of the most tormenting afflictions is the burning itch caused by piles. It's most embarrassing during the day and especially aggravating at night. No matter what you've tried without results—here's good news.

Science has discovered a substance with the ability, in most cases—to promptly stop the burning itch, pain—and it actually shrinks hemorrhoids without surgery except in unusually severe or persistent cases.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so. And it was accomplished, without surgery, injections, narcotics or astringents of any kind.

The secret is Preparation H—the only formula that contains Bio-Dyne—now combined with other medically approved medicaments. Preparation H also lubricates, soothes irritated tissues and helps prevent further infection. In ointment or suppository form. No prescription is needed.
