

everyone wins at Western Federal Savings

You've probably already received our Holiday Game in the mail...telling you you are a winner already of at least a huge, handsome, full color Pan Am travel poster of your choice...or that maybe you're one of the hundreds who win a travel book or subscription...or that if you're really lucky you may have won a travel prize that most of us only ever dream of! So bring in your board...any day this month. (If the postman forgot you, come in anyway...we've extra boards that are just as lucky.)

And of course, you know that you can travel the world around and find no finer place to save than Western Federal. We pay

5 1/4% on three-year certificate accounts maintained in multiples of \$1000. Certificate accounts earn the passbook rate daily and a bonus 1/4% paid after three years—currently an effective rate of 5 3/4%! The new 5% rate of passbook accounts is paid from date of deposit to date of withdrawal without any minimum holding period required.

Western Federal Savings

In Del Amo Financial Center, Hawthorne at Carson, Torrance

are you tired of being a loser?
