## POULTRY ASSOCIATION JULY

The Gardena Poultry Association met in regular session at the ranch of Mr. Stone, where a demonstration was made in culling poultry. A lively interest was manifested and many points of interest were brought up for discussion. The necessity for a rigid administration of the culling program was suggested in order that the flocks should be maintained at the highest standard of excellence for profitable egg production.

The meeting held a good representation of the poultry producers and was presided over by Mrs. Schofield, as president and Mrs. Sperry as secretary. The next regular meeting will be held at the residence of Mrs. Shoemaker in August and at the residence of Mrs. Sperry in September. An interesting topic for discussion was that of a picnic for all members of the associa-tion. It was decided that the picnic should be held at Bixby Park, Long Beach, on Saturday, July 10, Mrs. Shoemaker being designated to care for the coffee rations exclusively, while the members in general would each prepare for the accasion in regular basket picnic style. Mrs. Schofield stated that there had been a number of speakers who had volunteered in the past to make addresses befitting the different occasions, but for some rea son they had been unable to attend. The president stated that invitations would be again extended and that the day and time being doubtless propositions, that it is hoped all of the hitherto volunteers would be enabled attendance and that a very large proportion of the members would certainly attend the enjoyable occasion.

CUPID WINS

Romance, Like Truth Is Bound to Come Out

The little winged God of love wor another victory Monday, June 24th, when Jack W. Bennett, our popular new barber took as his bride Mrs. Elizabeth W. Cossaboon of Gardena.

The marriage was solemnized at the home of Mr. and Mrs. Fred Mc-Farland in the Coe, Judge Mayfield

The young couple are both from Gardena, Calif., but expect to make this place their future home.

Mr. Bennett visited in the Cove during May of last year and made many friends during his short visit. He is an old friend of F. H. McFarland and spent 22 months in Belgium with the A. E. F.

Mrs. Bennett has spent the last eight years of her life in Gardena and it was in that city that Cupid first shot his arrow.

Although Jack has proved his heroism on the battle fields of Belgium and France, he surrendered unconditionally to Cupid and had to call on the McFarland matrimonial agency for proper credentials to take his love for better or worse.

His many friends congratulate the young couple and wish them a long and happy wedded life.

THE SCHOOL BOND VOTE

#### JOYOUS ANNIVERSARY

Miss June Lind celebrated her seventeenth anniversary Saturday last by giving a dance at her home on Roserans avenue.

A number of friends from Gardena, Huntington Park and Los Angeles had been invited and enjoyed the evening with social games and dancing in the beautiful decorated dining room. After refreshments in the form of ice cream cake and punch, having been served in the garden under the rose covered pergola, the dance was continued, and several nice prizes were awarded the lucky winners. The beautiful summer night was breaking into day before the party thought of home sweet home.

Miss June was the happy recipient of many beautiful presents and congratulatory messages from east, west, north and south.

The invited guests were: Miss Mar guerite Rasmussen, Mr. David Foster, Mr. Gilbert Wilshire of Gardena, Mr. E. Jorgensen of San Pedro, Miss Olga Jorgensen, Mr. Albert McCarthney of Los Angeles, Miss Marguerite and Madge Smith, Mr. Lloyd Boss, and Mr. Hollis Hubbard of Huntington Park.

# WEST SAVED \$100,000,000 IN WAR STAMPS

## People of Pacific Slope Have Loaned Government Huge Sum Since 1918

Sum Since 1918

San Francisco—Nearly \$100,000,000 worth of War Savings and Thrift Stamps have been sold by the government in the Twelfth Federal Reserve-District since Uncle Sam opened his thrift campaign in 1918 to help finance the war. "In other words," said Robert E. Smith, director of the War Loan Organization in the Twelfth District, "the people of California, Oregon Washington, Idaho, Nevada, Utah and part of Arizona have added that much to the working capital of the nation and the West out of their savings, not to mention the tremendous sum they have saved by purchasing Liberty Bonds."

Of course many persons who boust Thrift and War Savings Stamps have

Bonds."

Of course many persons who boust Thrift and War Savings Stamps have cashed in their securities with amazing shortsightedness, but the wiser purchasers are holding their stamps until they maintain their full maturity value. "Those persons who have cashed in their War Stamps or their Liberty Bonds and have spent the money have lost twice the amount they saved because, no matter what they bought, they paid nearly twice as much for it as they would have paid less than five years from now," said Smith "Prices have risen more than 100 per "Prices have risen more than 100 per cent since 1914. They will drop at least 50 per cent in the next few years and will eventually get back to the 1914 level. Now is the time to save." Smith, who is a successful financier, said: "We have high prices because of the expansion of credit and consequent inflation. We won't have low prices until the people contract the currency by saving." Save by investing in government securities.

### Fraternal Order Buys War Stamps to Check Waste and High Prices

Washington—The Fraternal Order of Eagles, in convention at New Haven, Conn., has pledged itself to the purchase of \$5,000,000 in War Savings Stamps. This action was taken as a means for the checking of national waste and extravagance and for the reduction of the high cost of living. News of the steps taken by the order was received today by William Mather Lewis, Director of the Savings Division of the Treasury Department.

After adopting resolutions endorsing Washington-The Fraternal Order of

#### IN OUR OWN HANDS

Solution of the financial crisis super induced by the unjust cost of living is largely in the hands of the American is largely in the hands of the American people themselves, according to the United States Federal Reserve Board. In his letter to the Senate Committee on Banking and Finance, W. P. G. Harding, governor of the Federal Reserve Board, said:
"Whether viewed from an economic or financial standpoint the remedy for the present situation is the same, namely to work and to save; work regularly

the present situation is the same, namely to work and to save; work regularly and efficiently, in order to produce and distribute the largest possible volume of commodities, and to exercise economies in order that money, goods and services may be devoted primarily to the liquidation of debt and to the satisfaction of the demand for necessities, rather than to the indulgence in extravagance or the gratification of a desire for luxuries,"

travagance or the gratification of a desire for luxuries."

America must both work and save. There are many ways to work but only one way to save. That is to save first and spend afterwards, to put aside the first dollar that comes in, not the last dollar that goes out. It was to make possible the saving of even the smallest sums and their safe investment that government Savings Stamps and Treasury Savings Certificates were offered to the American people.

Students of economics declare that this country is on a magnificent prosperity debauch. Dealers in jewelry, expensive apparel and food delicacies throughout the country say the demand for their wares is unprecedented and

their wares is unprecedented and buyers do not care what they pay

for them.

Stop living up to your wages or salary. Save regularly and invest in War Savings Stamps.

That man is blest who does his best,

ARE YOU PAID IN ADVANCE
