Torrance has gotten too much in the habit of looking for outside aid. We should organize at once a Torrance Building Association, or several of them.

Other cities are organizing "Own Your Home" campaigns and local building companies. In no place is there greater need of such organization.

There are always a few knockers in every locality, but the boosters outnumber them by far. Better join the Boosters' Club, M. E. Knicker. Your boat will sail smoother.

HOT TEA BREAKS A COLD—TRY THIS
Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Thee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time. It is the most effective way to break a cold and cure grip, as it opens the pores, relieving congestion. Also loosens the bowels, thus breaking a cold at once. It is inexpensive and entirely vegetable, therefore harmless.

SAGE TEA PUTS LIFE AND COLOR IN HAIR
Don't stay gray! Sage Tea and Sulphur dyes hair so naturally that nobody can tell.
You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it dyes the hair so naturally and evenly that no one can tell it has been applied.
"Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all hair-dress goss, scalp itching and falling hair stops."
This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

Hot Water for Sick Headaches
Tells why everyone should drink hot water with phosphate in it before breakfast.
Headache of any kind, is caused by auto-intoxication—which means self-poisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart which pumps the blood so fast that it congests in the smaller arteries and veins of the head producing violent throbbing pain and distress, called headache. You become nervous, despondent, sick, feverish and miserable. Your meals sour and almost nauseate you. Then you resort to acetanilide, aspirin or the bromides which temporarily relieve but do not rid the blood of these irritating toxins.
A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.
Ask your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.
If you aren't feeling your best, if you are constipated or you wake up with bad taste, foul breath or have cold, indigestion, biliousness, constipation or sour, acid stomach, begin the phosphate hot water cure to rid your system of toxins and poisons.
Results are quick and it is claimed that those who continue to flush out the stomach, liver and bowels every morning never have any headache or know a miserable moment.

LESS MEAT IF BACK AND KIDNEYS HURT
Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.
Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.
The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it is no longer irritating, thus ending bladder disorders.
Jad Salts cannot injure anyone; makes a delicious effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.
