

To the Motor Public:

Having recently taken over the Buick agency for the territory covered by Torrance, Hawthorne, Lawndale, Inglewood, El Segundo, Gardena, and intervening communities, I wish to say that construction of the most up-to-date garage and salesrooms will soon be under way in Gardena, and am arranging to establish branches in Inglewood and possibly Torrance. In these establishments I will carry a complete line of Buick parts and accessories and only the best Buick mechanics will be employed.

Hoping to receive the patronage of the residence of these districts, and assuring them of my intention to uphold the reputation of the Buick and co-operate in the up-building of the community, I remain.

Sincerely Yours,

H. N. GRIFFIN.

UNION TOOL BALL TEAM TO PLAY IN EAST

The winning Union Tool Base Ball Team goes to Hermosa this afternoon to play the Edison Team, champions of the Edison circuit, and if they win this three game series, a tour of the middle west and east is in store for the local team. Concerning this trip Frank A Kerwin had this to say yesterday:

Should Floyd Hammond and his

Should Floyd Hammond and his Union Tool Club, Industrial League champions, bump off the Redondo team, champions of the Edison League, in the three-game series which starts this afternoon, they will be one notch toward a tour of the country a trip that no other Southern California semi-pro team was ever offered.

The program mapped out by the officials at the Union Tool Company runs something like this: In case the Tool makers at Torrance slip the slap to Edison League champions and then hand Paul Deutch's Telegraph League champions a walloping, they will be declared the undisputed champions of Southern California and will be sent to West Chicago, Toledo and Carnegie, Pa., by the Torrance corporation to battle their respective teams in the Eastern cities named.

On the other hand, should the pets of the Edison League win, they will play the Telephone League champs and in all probability go to San Francisco for a crack at the northern title holders.

Wilmington Has Fine Exhibit and Live Secretary

A few days ago the Herald inadvertently gave the Redondo booth at the fair, credit for the display of one or two exhibits that rightfully belonged to Wilmington, whose booth adjoins that of the resort city.

Showing conclusively that the Herald is read, we received several call-downs from residents of Wilmington, among them being a goodnatured "jawing" from Lou Johnson, who, as secretary of the Wilmington Chamber of Commerce, jealously guards the reputation of his home town.

He showed us the error of our ways and that Wilmington should have had credit for the display of the Cedal Soap company; Regan & Co.; Fellows & Stewart and the Coast Fishing Co.; as well as the Amusement Engineering Corporation that are building several "Flying Circus" aeroplanes for use at Venice. We gladly give the industrious little city credit for the excellent display and invite them to come again.

On paper, today's game should be a nip and tuck affair, as both Dan Cunningham's outfit and the Industrial League winners are an even match. Gene Sweet and C. B. Smith will oppose each other on the mound:
