

New Figures On Tire Mileage

The Miller Tire makers, in late years, have nearly doubled their tire mileage.

In their factory tests made last year no rival tire could match the Miller service.

Miller treads outwore all rivals by an average of 25 per cent.

Large tire users are making million-mile comparisons. As high as 20 rival makes are compared with Millers. Miller Tires have already won many of these tests.

Large Miller dealers, making careful comparisons, find that Miller Tires increase their customers' mileage from 50 per cent to 75 per cent.

It is time to get new figures on tire mileage. Try a Miller, watch the mileage, compare it with the tire that you use opposite.

Hundreds of thousands have in this way come to Miller Tires. And Millers are today the most talked-about tires in America.

Tread Patented

Center tread smooth, with suction cup, for firm hold on wet asphalt. Geared-to-the-Road side treads mesh like cogs in dirt.

HOUSEHOLD HONINESS

(By Aunt Polly)

"You may live withal music;
And live withal books,
But civilized man
Cannot live without cooks."

"Mahomet and the Mountain"

I tell your Uncle Mark that if there is anybody who thinks the love of eating has grown less, that somebody ought to have been at the Barbecue Saturday, when the order was given for the crowd to centre where the band was playing, for though "Music Hath Charms to Soothe the Savage Breast," curiosity about the cuisine of the Spanish crew kept the crowd rooted to the spot where 2200 pounds of meat, 400 loaves of bread, 60 pounds of coffee and no knowing how many bushels of beans gave promise of an unusual, as well as appetizing meal; so instead of the crowd going to the Band, the Band came to the crowd, just as "the Mountain came to Mahomet," when Mahomet would not go to the Mountain.

For those whose appetite was whetted for Spanish eats by the Barbecue bill of fare, here are some recipes a-plenty:

Chili Con Carne—One pound beef cut into small slices, little chopped suet and salt, one large chopped onion and one button of garlic, one tablespoon chili powder, mix all ingredients together. Place in graniteware pot in which has been heated two tablespoons lard, let it cook ten minutes, stir constantly, then add one quart hot water and cook slowly till tender. Tomatoes and potatoes may be added to chili con carne to suit taste, or tomatoes served with it as separate dish. Also frijoles (Bayo beans) are served with chili con carne.

Spanish Beans—Two tablespoons vinegar, one onion, two tablespoons sugar, one pint pink beans; salt to taste, one sprinkle cayenne, two cups tomato, one-quarter of a red pepper; soak beans over night and boil until tender in salted water; change water three times during cooking, and be sure to add boiling water each time; remove two-thirds of beans and add remaining materials, except salt and butter, to beans left in kettle, and boil ½ hour; press these beans with onion, etc., through a sieve, and add water they were boiled in; pour over the whole beans, heat again, adding four tablespoons butter and salt to taste. Scald quart white corn meal, salt and add one and one-quarter cups leaf lard; mix well; cut and wash husks and soak for three hours; spread meal in husks; place beef in center of meal, then roll. Place them in steamer and steam at boiling point for two or three hours.

Tortilla—One quart flour, one cup milk, salt, two tablespoons lard; make dough and knead thoroughly; take pieces of dough and pat be-

ween hands until it makes large round cake; cook on griddle until brown.

Household Hints

Stained zinc is hard to clean. Try this: Rub hard with whitening moistened with kerosene or hot vinegar. Wash in hot soapsuds. Wipe dry.

Paint Prolongs Life

The varnish on the carpet sweeper soon wears off. Unprotected as it then is from moisture and variations in temperature, it is likely to fall to pieces. This can easily be prevented by applying a coat of stain finish, obtainable at any paint store whenever the machine shows the need of it.

Washing machines should also be protected from variations of temperature and moisture. When the original finish shows signs of wear apply a coat of colored enamel.

A little attention to these details on the part of housewives will prolong the life of utensils or utilities which cost considerable money to replace nowadays.

Nutty Butter

Soak a teaspoon of granulated gelatine in two teaspoons of cold water and dissolve it in a cup of hot milk—then work the milk with a wooden spoon into half a pound of peanut butter in mixing bowl. Pour into round molds which have been immersed in cold water and allow butter to harden.

Add two teaspoonsful of boiling water to the sugar and butter you cream for cake and it will make a very fine grained cake.
