### THE GOSPEL OF GOOD SENSE

We contend that preaching the truth, the kind that benefits the whole public, cannot be overdone. And this is especially true at a time when we are entering upon a new year.

From all indications there are going to be more men out of employment in this country in 1921 than at any time since the armistice was signed. Jobs will be scarce, and there will be a greater number of applicants for each one. Money is not going to be as easy to get as it has been for the past two years and a dollar is going to look bigger than it has for a long time. For that reason we want to again preach the gospel of good sense and that is, if you've a steady position, stick to it, and if you have a dollar you can spare, put it in the bank. Don't be tempted to peek up and move elsewhere. If the job which tempts you is such a fine one, some one in that locality would have it already. If you haven't acquired the habit of saving, start the first week in January and put aside something each week if it is only a dollar. If you never do more than this you'll find at the close of 1921 that you've formed the best habit you ever formed—the habit of saving. There's nothing hard about saving. The secret is in making the start. There are more men with bank accounts today who started on a dollar than there are men who started with a hundred or a thousand dollars. No sum is too small to start with.

Listen to the gospel of good sense, all you Lomita and Torrance people. And the chances are that before another year is closed you'll have reason to be glad you did.

### POINTED PARAGRAPHS

Considering the price, coal mine operators must think the average man has money to burn.

Another way to reduce hunting accidents is to abolish all fences so the hunters won't have anything to climb over.

We're expecting another paper shortage in January. They'll start printing the Congressional record along about then.

When a man tells his wife she looks just as well in cotton stockings as silk, you can bet the honeymoon is over.

When you figure the difference between the cost of coal at the mines and in the bin you can bet the railroads are not losing much.

It's a wise politician who can distinguish between the voice of the people and the noise made by a campaign fund.

One difference between a high-

wayman and a profiteer is the highwayman never stops to lie about his margin of profit.

There's this about eating at home—you don't have to get up from the table and tip a highwayman for waiting on you.

There are resolutions and resolutions, but you can't make a better one than to resolve to read your home paper regular each week during 1921.

If Noah had let the building of the ark out to a government contractor it wouldn't have been finished yet.

Some women may not know it, but there's nothing that spreads faster than gossip, unless it's the itch.

We find quite a lot of people these days arguing that it's easier to save for a rainy day when you live in a "dry" country.

We often feel we could become the richest man in the world if we could invent a hair restorer for shaving brushes.

If there is a man with an eye out for a government job, our advice is to save the other eye for a real job when he fails to get what he's hunting for.

## READ WHAT JONES AND BROWN THINK OF TORRANCE

### JONES' PAY DAY

Jones and his wife figuring: Lets see, wife, we must put \$10.00 of this week's pay with \$10 of each pay for the next three weeks away for the rent and my street car book is used up. That is \$10.35, and you must pay the Jap \$7.00 for vegetables. Say, but it's tough. I can't see why Brown has all the luck and we have to grind all the time. I get just as much pay as he does. I can't see any way out unless the "kid" quits school and goes to work.

### BROWN'S PAY DAY

Gee, wife! I stoped at the bank and deposited \$10.00, which makes \$500.00 cash in the bank. Say but wasn't we in luck when we bought this place, just a few years ago, on the easy payment plan? No more rent to pay. No car fare, and that two hours I used to spend on the cars every day I put in on our garden, and that \$10.00 car fare for three of four months we spend for chickens. Guess we had better send the "kid" to Stanford. Too bad Jones didn't buy when we did. Poor fellow he'll wake up some day.
