WHY NOT JOIN HANDS?

Just for a New Year suggestion for Torrance as a town—Why not get permission from the management of the Long Beach Industrial Show for a large space in which to enter a number of the truly local Torrance Industrial Exhibits?

Long Beach is rushing to a successful culmination one of the most elaborate affairs of its kind ever pulled off in Southern California and the benefit to be derived for Torrance, if entered in co-operation with our sister, will be manifold and lasting.

And then, too, especially at the holiday season, it would be well to remember the hearty response Long Beach accorded when their assistance was asked for to aid in the boulevard celebration, Oct. 23rd.

Let's get busy and ask for permission to enter and then go to it strong, with a big showing. It will be the time to show our appreciation.

LOMITA NOSES OUT TORRANCE TEAM, 4 TO 3

(By Stanley Stanton)

Last Sunday Lomita reversed its losing streak by winning a most exciting and sensational game from Torrance, by the score of 4 to 3. Torrance was represented by the Union Tool Company, and they had some team. Reports were around that they would not even use their best pitcher, but we all noticed that they had to do that little thing to even put up a good game. The game from beginning to end was closely played, and many tight and hard places were checked by both teams. It was not a game that one could speculate on, who was going to win, as it was the last of the ninth inning that Lomita put across the winning run.

The game started out on time as usual, but with a larger crowd, as Torrance turned out en masse. Gene Gold, the new manager of the Lomita team, started the game by pitching "Bone," Lomita's demon. But the effects of turkey must have stayed with him too long, Wallace taking his place in the third.

Torrance tried hard to push in runs from the very start. They did put one across in the second, aided by an error. Lomita came

right back in their turn at bat and made the score even. The third inning counted one more for Torrance and put them in the lead.

The fifth inning was a good one for both sides for they both scored a run. This made the score 3 to 2 in favor of Torrance until the eighth inning.

Lomita sure worked hard in that eighth inning, and by slyly stealing bases, a run was scored—tying the tally. Torrance tried to score in the ninth, but to no avail.

Just like the ending of a magazine baseball story was this game, Lomita being the heroes. Determined and cheered on, the men came to bat. The first man hit the apple for a single, picking off the first offering of the pitcher. For a long time after one would have thought that Torrance's first baseman was catcher, as the ball came that way nine times, before going to the batter. After all the man stole second. The second batter took three strikes. The next two men walked, because they were good hitters, and that filled the bases, with only one down.

A double out would close that inning, played on any two bases. But could it be done? Not against Lomita, with that wonderful chance to win. The fifth man

ODD FELLOWS LODGE INSTALL OFFICERS TRIPLE CITY I. O. O. F. NO. 333 HAVE LARGE CROWD TUESDAY NIGHT WHEN LODGE IS INSTITUTED

The biggest night Lomita has ever seen in lodge affairs was held last Tuesday evening when grand officers from all over the state of California responded to invitations to come to Lomita and participate in the institution and installation of officers of the "Baby" Lodge of Odd Fellows. For months a few enthusiastic members of that order composed of Torrance, Lomita and Harbor City members have been working to get their charter and have a lodge here. They made arrangement with the F. & A. M. for use of the hall one night a week and the installation ceremonies were held in the local hall, with over 125 members and visitors present from surrounding towns. Automobiles were closely parked up and down the street and not until after midnight did the crowd begin to disperse.

T. W. Denney.

TRIPLE CITY, NO. 333

The above name, so timely, trite and appropriate for the name of the new Odd Fellows Lodge formed in Lomita, last Tuesday evening, when they received their charter and officers were installed for the coming year, was suggested by W. A. Renn, local merchant. The name has attracted much favorable comment because it fits so nicely.

RETURNS FROM FRISCO

F. G. Hodges, proprietor of the Harbor City Hardware and of the Lomita Hardware Company, returned Tuesday from a week's sojourn to San Francisco and Berkeley, where he visited relatives. For several days he was a guest in the home of his aunt, Mrs. Laura A. Harrington and his cousins, Mr. and Mrs. L. C. Lockley of Berkeley, who both are members of the University faculty at that place. Mrs. Harrington returned with Mr. Hodges and will be in Harbor City for the coming three weeks.

singled and won the game for the Lomita boys.

The "Lomita Farmers," as called by Torrance, will gladly play them again. Nothing like being obliging is Lomita's motto.
