### ATTEND ELK'S DANCE

A large crowd from Torrance and Lomita attended the Elk's New Year's Eve dance in Redondo Beach and did not leave until the wee hours in the morn. A turkey dinner was served at 1:00 a. m., with all the "fixins" and at 6:00 o'clock a. m. New Year's Breakfast was enjoyed by those who remained. Those who attended from here were: Mr. and Mrs. R. R. Smith, Mr. and Mrs. Sam Rappaport, of Torrance; Mr. and Mrs. W. Overman of Gardena; Mr. and Mrs. C. M. Smith, Mr. and Mrs. W. A. Renn, and Mr. and Mrs. C. P. Roberts, of Lomita. Presentation of a large American flag to the lodge, was accepted by Exalted Ruler Murphy in a glowing speech when he paid a high tribute to the donors as well as the part which the Stars and Stripes held in the foundation of the Elks organization. At 11:00 o'clock the Exalted ruler again called those present to their feet and explained the significance which members of his fraternity held the approach of 11:00 p. m. His remarks were enthusiastically applauded. Promptly at 12:00 o'clock dancers were stopped and the old year was cheered out with the coming of 1921, and then the dance was on. Later a cabaret team from a moving picture company of Los Angeles danced very prettily and were called back several times. A more jolly crowd was never seen in Redondo Elks hall, the final wind-up being brought to a close by music from a Chicago string orchestra and entertainer, who was full to overflow with "jazz."

### CAN YOU SOLVE THIS?

A ship travels out to sea a dis-  
tance of 1800 miles at the rate of  
5 miles per hour, and returns at  
the same speed. The second trip  
is made over the same course, 1800  
miles, but at the rate of 4 miles  
per hour going out, and returns  
at the rate of 6 miles per hour.  
What is the difference in time of  
the two trips?

More than one citizen will throw  
up his hands in horror when you  
suggest a poker game, and then  
turn right around and chance his  
money on cheap oil or rubber  
stocks.
