## AN INQUIRY

Several indignant residents of Torrance have asked the "Enterprise" why the Pacific Electric waiting room is locked during the evening and early morning. Several complain that they are compelled to wait outside in the cold and rain, to say nothing of the darkness, when they come down town to catch a car. We pass this along for you to answer. We do not know.

## CENTRAL CHURCH NOTES

Blessed Revival at Central Evangelical Church

The attendance at the revival meetings in the Central Evangelical church has been excellent. Each evening at 7:30 a spirited song and praise meeting is ably conducted by Mr. Van Hellen with solos, duets, quartettes or chorus occasionally. And about 8 o'clock the evangelist, Rev. D. B. Kingsley delivers a most interesting and instructive sermon full of real gospel power. Christians of all denominations are greatly enjoying the splendid meetings. Quite a number have accepted Christ as their savior.

There will be no services Saturday night.

It is a rare treat to hear so entertaining and kind a speaker, chucked full of good humor and the old time gospel. He practices the Golden Rule, treating individuals, and other denominations as he would like to be treated if in their place. He is a preacher in good standing of the M. E. Church of Los Angeles.

Next Sunday January 30th, Sunday School at 9:30. Preaching by the Evangelist Kingsley at 10:45. A splendid Young People's Alliance has been organized with many of the choice young people of the city as members. Attorney P. G. Briney is the president. The meetings are begun at 6:30 each Sunday evening. The regular Christian Endeavor topics are used and all who come greatly enjoy the live discussions.

Promptly at 7:30 the evangelist will again preach to a crowded house. Being a Methodist and having had Presbyterian parents, nevertheless Evangelist Kingsley has spoken in the highest possible terms of praise of the Evangelical denomination as being free from all narrow sectarianism, selfishness, or bigotry, and that they believe in working harmoniously with all sister denominations, and their only hobby is to point people to Christ as the world's Redeemer and to help people be so good that they are good for something. He claims to have been more or less in touch with this denomination for 30 years, held many meetings in their churches and knows what he says to be true.

About this individual church he says he is delighted, it is composed of good Christians of all denominations. He is delighted with the earnest Christlike character of the pastor, who is also a man of deep learning, a graduate of one of our leading theological schools of the United States. The congregation he says is one of the most intelligent and sociable he ever preached to. Come and hear him, you will be welcomed and delighted.

## SCHOOL DISTRICT TOO LARGE

As the result of the many requests of outside school districts to become a part of the Los Angeles city school district, the board of education is expected to take some definite move in the near future toward relieving the situation, it was learned today. The matter was brought to a head by the application of the Florence district requesting admission. The school district at the present time is so large that it borders on the unwieldy, say board members, and they contemplate some action to stop the growth. One of the reasons given for the requests of admission by outside districts is the bond issue of \$9,000,000 recently voted by Los Angeles citizens.

## AUTO CLUB PAST 50,000 MARK

Without a trumpet sound of a brass band the Automobile Club of Southern California has passed the 50,000 membership mark. The announcement was made by Secretary Mitchell. He said: "We point with pride to the fact that 50,000 automobile owners have sufficient confidence in the work of the club to aid in its support."

# Incorporation!

## What It Means

A Greater Torrance—and that Great American Privilege of Community Self-Government.

CIVIC PRIDE inspires your own confidence in your city and yourself, the home-seeker, the business man and the builder of homes and industries.

A GREATER DEVELOPMENT OF ITS RESOURCES will stimulate the influx of home-builders, business, and industries.

INCORPORATION OF TORRANCE will mean the advent of enough additional factories to place Torrance out of the class of the "ONE-JOB" Cities.

INCORPORATION Means a closer Co-operation of its entire citizenship, where all classes may gather together and work in harmony for the growth and up-building of the Greater Torrance which will follow with self-government and the protection that follows.

NO CITY BEGINS TO GROW until a certain amount of responsibility exists for the entire citizenship to participate in, and this is sure to follow with Incorporation of Torrance and a better convenience in all respects will be the outcome.

Torrance has outgrown the rural district situation and is ready for a more progressive step.

## Incorporation

Will Solve This Problem

INCORPORATION will give to our community an individuality that cannot be acquired in any other manner.

INCORPORATION and Self-Government is the only solution, and will give the Modern Industrial City a standing in the outside world that will be envied.

YOU ARE ALL INVITED to join the progressive citizens of Torrance and become a part of the government that will be the first step towards making a Greater and Better Torrance.

SCHOOLS WILL REMAIN THE SAME and continued to be governed by the Los Angeles City Government.

Water, Gas and Electricity will remain unchanged and the same efficient service will be enjoyed.

Salaries of Trustees—None.
