

NEBRASKANS TO PICNIC

All who ever lived in Nebraska are invited to meet for the great annual picnic reunion, all day, Saturday, March 12, 1921, in Sycamore Grove Park, Los Angeles. Come as early as you can and spend the day with friends. We will have county registers, and headquarters so you can find the old neighbors even with ten thousand present. There will be a brief program opening at 2 o'clock, but the main purpose will be to have a good time. All tourists and visitors from the old home state are welcome. Coffee will be served free to all who buy the silk souvenir badges.

LOCAL MEN APPOINTED
FOR CHINA RELIEF FUND

Geo. W. Neill of Torrance and A. J. Stinton of Lomita, have been appointed as chairmen of their respective districts for the Chinese Relief Fund. This is known as the American Relief Committee which was originally appointed by President Wilson to marshal relief work for the 45,000,000 starving Orientals in China.

Those desiring to contribute may see Mr. Neill at the First National Bank of Torrance, and Mr. Stinton of the State Bank of Lomita will receive your donations in his district. These two chairmen will appoint a working committee who will assume active charge of the work and will attempt to call on everyone for donations.

Famine conditions in North China according to cablegrams received by the American Committee for China famine fund in New York and by famine fund in New York and by ton, are growing worse continually. Of the 45,000,000 sufferers, more than 15,000,000 are doomed to death from starvation and cold unless help is sent across the Pacific.

The struggle of millions of Chinese farmers and others to continue their existence is described by missionaries as remarkable. Three crops failed in succession, and a single crop failure in that heavily people land induces a condition, which would be considered a famine in this country.

Millions of Chinese are without food. They have sacrificed their homes and their stock and are without clothes, fuel or shelter. Cholera and hunger-fever have set in and their calamity challenges any other in the world.

So great was the distress in November that President Wilson appointed a committee of 130 prominent men and women to marshal American relief for aid of the sufferers.

Churches, commercial, theatrical, and motion picture associations, benevolent societies, are asked to aid in the relief work.

A check for \$1,200 was sent recently to Lee To, New York's "Mayor of Chinatown," by the Chinese of Pittsburgh who are trying to aid their famine-stricken brothers in Northern China.

O. Geo. Lake, scout executive, with headquarters at Pomona, and E. H. Hinley, vice president of the San Pedro Scout Troop and vice president of the State Bank of San Pedro, were Lomita visitors last Friday and called at the Newspaper office and consulted with C. P. Roberts, vice-chairman of the local scout troop, regarding the scout situation here. Judge Hunter, Rev. E. E. Clark, E. W. Brumpton and G. W. Towne were officially named to assist in reviving interest here among those interested in the Boy Scouts, and will represent this division in the Los Angeles County council for the scouts to select a camping site, where the boys may roam. A circus is being planned by the whole troop district and a performance will be given in San Pedro, Wilmington, Harbor City and Lomita, the dates to be announced later.
