

P. E. & S. P. OFFICIALS VISIT TORRANCE

ADVANTAGES OF THE MODERN INDUSTRIAL CITY NOTED

Officials of the Southern Pacific and Pacific Electric Lines visited Torrance Tuesday. They came in a special car and were received by a local committee of P. E. officials here. An inspection tour of the shops was made and this feature of their trip proved a revelation to many of them, when mechanical labor saving machinery was shown. Other industrial plants were visited and the recent activities of building by the P. E. was pointed out. The first appropriation of \$160,000 will probably be increased by the P. E. so well pleased were the visitors with the results already accomplished. The Torrance Country Club House site was visited, and approval of the plan was the verdict of these officials.

Those in the party together with the local reception committee, follows:

SOUTHERN PACIFIC OFFICIALS: J. Kluttsch, chairman board of directors for S. P. Systems. Wm. Sprule—President. T. J. Dyer—General Manager. T. H. Williams—Assistant General Manager.

Coming to Torrance on his final lap of an extensive trip throughout United States of Industrial Centers W. C. Baer of Cleveland, Ohio, and one of the figure heads of the industrial activities of that city, was in Torrance Wednesday, and stated that this city offered the best and most attractive qualifications for industries he had visited in his travels. Torrance will probably see more of Mr. Baer.

BANQUET POSTPONED

The Chamber of Commerce banquet scheduled to take place tonight at the school house, has been postponed until next Friday night, March 25, when the regular program as announced will take place. There will be no school next week and it will be much easier to prepare for the banquet while school is dismissed.

TORRANCE SCHOOL NOTES OF INTEREST

The regular Parent-Teacher Association meeting on Tuesday was well attended. The Near East Relief was discussed and the great need of all the help that could be obtained was forcefully brought before those present. A food sale to be held in the Steffen Block was mentioned. It was decided that on Friday evening there would be a social meeting of the Parent-Teacher Association, it being the first anniversary of the organization. The meeting on Friday was greatly interfered with because of the weather, but those present enjoyed the evening very much.

The ticket sale for the Chautauqua will soon start in the school. All the children who attended last year voted it a great success and they know that all of those who buy tickets this year and we feel that nearly 100 per cent of the pupils will buy children's tickets. The difference between students and children's tickets is made between the seventh and eighth grade. All below the eighth will purchase the \$1.00 ticket and those above will pay \$1.50.

Last evening the seventh and eighth grade boys of Harbor City and Torrance played a game of indoor ball. The Torrance boys were victors by the score of 22 to 9, owing to the lateness of the hour only eight innings were played. The seventh and eighth grades of Harbor City, Torrance and Lomita are now working hard for the championship both of girls and boys indoor ball. The Torrance boys lost one game to Lomita this week.

School closes for the spring vacation on Friday March 18 and reopens on Monday, March 28.

MOVE OFFICES

The offices of the Community Building Company have been moved to the room formerly occupied by the "Needle Shop" in the Steffen Block. A. H. Bartlett will devote his entire time to furthering the interests of the building company and states that favorable progress is being made. There was a meeting of the trustees and stockholders last evening and matters of importance were discussed.

CAFE SOLD AND RESOLD

The White House Cafe in the E. Prado Block was sold last Wednesday by Mrs. O. M. Davis to parties from Los Angeles, who took possession the following day. After having charge of the restaurant three days, however, the new owners prevailed upon Mrs. Davis to buy it back a considerable less than they had paid, their proposition being accepted.

ROBBERS AGAIN AT WORK IN TORRANCE

For the sixth time the Sykes New and Confectionery Store in the P. E. Depot was broken into last Friday night and considerable goods were taken. It is quite impossible to check up on the loss, but it is known that several hundred cigars, cartons of cigarettes and candies were stolen. This is becoming a nuisance, as the owners are put to severe inconvenience, not only in their loss but in the breakage of glass and damaging of their property.

Ed. Parr, father of Geo. D. Parr, jeweler in the Steffen Block, has returned to Torrance after an absence of two weeks in Arizona, where he has interested several parties in real estate. Mr. Parr will return to Douglas and Bisbee the latter part of the week.

In a recent New York interview Frances Ingram, noted contralto of the Metropolitan Opera forces, who appears here in a special concert engagement during Chautauqua, told a reporter, "I am leaving soon for a five weeks tour in California to sing before the Edison-White Chautauqua audiences. I am delighted over it. It will be something like my experiences singing in the camps. I love to sing for folks just regular American folk. There is more heart-satisfaction in it than in singing to the blase New Yorkers in the jeweled horseshoe of the Metropolitan. I like to feel myself 'just one of the family' and one cannot do that of course with an opera audience. There is more in singing if one is sincere than in just earning the plaudits of the multitude."

Listen to this, about the music. We have arranged for the jazziest, noisiest orchestra on this coast. Boy! When that gang gets tuned up and starts to play, Oh, mamma, lead me to it. They play the kind of music that won't let you rest your feet. You'll want to be on the go all the time. Don't forget to bring that little blonde or brunette. Bring 'em both and let's have the time of our lives.

If you have the blues just let them back to the barn in the back yard and leave 'em there; then hop into the "Lizzie" and come along.—The Legion Editor.

RESPOND TO CHINESE FAMINE FUND

TORRANCE RESPONDS TO AID STARVING MILLIONS

Geo. W. Neill, chairman of the Torrance committee for the Chinese Famine Fund, reports that the people of this city are responding liberally to the cause. "All that was necessary to receive donations," said Mr. Neill today, "was to explain to them the critical conditions that confronted 15,000,000 of Chinese who face starvation, and the fear that whole provinces in China would be exterminated if they were not cared for at once."

The present famine in China surpasses the worst previous disaster of a similar nature in that country—the famine of 1878-1879—both its severity and extent.

One cent a meal is the cost of a famine portion, and it has been figured that one Chinese can be kept alive a month at the cost of \$1, or during the four months intervening until next harvest at the cost of \$4. Thus on the same basis two funds sent, amounting to \$1,300,000 will save 325,000 Chinese until summer.

Those desiring to help in this cause can do so by seeing Dr. J. S. Lancaster, C. H. Van Hellen, W. Teel, D. C. Turner, R. J. Dellinger, or Geo. W. Neill, members of the local committee.
