LOMITA CHURCH NOTES

Vocation Sunday was observed by a message from the text, "What is that in thine hand?"

Moses did not drift into his life work. He was prepared for it by his mother and by his education in Egypt. By heredity, and by God's providence, God places in our hands a rod of talent, of skill, of ability to do a certain work as our life task. The test of a choice of life work ought not to be money, fame, success, but the glory of God.

In the evening the pastor began a series of sermons on the Apostles Creed, using the first clause: I believe in God, the Father Almighty, maker of heaven and earth. Only the fool says in his heart there is no God. Earth and sky and sea reveal His presence, while the Bible gives us the added revelation. Jesus taught men to call God Father in His sermons and in His prayers. God is love, even when we are tempted to doubt His goodness. The speaker urged his hearers to a simple, childlike trust in God. Human experience justifies our confidence in God.

Blind belief is sure to err
And scan His work in vain;
God is His own interpreter,
And He will make it plain.

She manufacturers seem to think that even if hides are away down in price the public is still worth skinning.

YOUR MONEY'S WORTH HERE

Spears & Boyer, authorized Ford agents of Gardena, announce they have just signed up with one of the best Ford automobile mechanics that ever came to Southern California, and were exceedingly fortunate in getting a man direct from the Ford factory. Men coming from headquarters are the real builders of Fords and know every intricate detail and adjustment in order to have a well-balanced engine. A mechanic of this type, with the available equipment at his disposal in the Gardena Ford garage, is responsible for the satisfactory work that leaves this popular service garage. Only Ford cars are repaired and overhauled here.—Advertisement.

D. M. S. LIME SALESMAN

Lee B. Hawkins of Moneta and Joseph R. Hargrove of Los Angeles will open a suite of offices in the Wholesale Terminal Building, Los Angeles, to promote the sale of D. M. S. lime and products of the Torrance Lime and Fertilizer Company. Five or six of their salesmen will enter the field at once and enter upon a whirlwind campaign to introduce more universally the use of D. M. S. lime.

Mr. Hawkins has for years maintained and conducted a grain, feed and fuel business at Moneta, with a fleet of ten large Mack trucks caring for his business. The wonderful results obtained by Mr. Hawkins in the use of this lime product as an all-around fertilizer was the cause of his change from the active management of his Moneta business to enter the field of this new commercial product.

Mr. Hargrove was formerly assistant manager of the California Cotton Seed Oil Company, and has resigned to become actively engaged in the interests of D. M. S.

FIRST BAPTIST CHURCH OF
TORRANCE

Mothers' Day

A special service will be held on Sunday morning, Mothers' Day, at which time the pastor will preach on "Deborah, the Many-Sided Mother." The choir will have music of interest, and Mrs. R. C. Kite will sing "Mother's Song." You are requested to wear a white carnation if mother has passed away and a red carnation if mother is still with you in this life.

"The Fall"

A sermon of wide interest will be given by the pastor at the evening service, showing by examples the extent and fact of the fall of man. There will be special music provided by the choir, and the new hymn books, which have just been received, will afford a pleasing opportunity for a great song service. The time is 7:30.

Sunday School

It continues to grow, but the superintendent, Mr. D. C. Turner, will have a place for you. The young men's class—Mr. Andem, teacher—meets at Baraca Hall at 9:30. A cordial invitation awaits all young men at this class.

"Jesus Christ humbled Himself and became obedient unto death, even the death of the cross."—Phil. 2:8.

Rev. Stanley H. Thorpe, Pastor.

The chief cause of crime in this country may be laid at the doors of a lot of judges who have made it easy for criminals to get away without punishment.

The trouble with more than one man is he doesn't realize that devotion before marriage means keeping it up after the pastor has closed the book.

Our idea of a good husband is the man who doesn't object to eating off the corner of the kitchen table during house-cleaning time.

WHY?

Japan is spending half her total income preparing for war. Why, do you suppose?

U. T. PHOTOGRAPHING

Messrs. Heath, Sims, Boggs, Union Tool officials, and Roy Flood, the official photographer, were in the oil fields Wednesday photographing new oil well equipment.

NOTICE TO MASONS

There will be a six o'clock dinner served in Steffen Hall, Torrance, next Friday evening for Masons and their families. After eight o'clock all Master Masons will depart for their hall in Lomita, where the regular stated meeting will be held, and later they will return to Torrance and join their families at the hall. Entertainment will be furnished the ladies during the absence of their husbands.

THEY SAY

Don't think our hardest job is finding something to put in the paper. The hardest job is deciding what to leave out.

A wise woman never gives her husband a letter to mail if she is looking for an early reply.

Possibly the worst news the Germans have read for a long time is that allied troops are taking over breweries in occupied territory.

Our advice is not to wait for happiness until some one hands it to them on a silver platter.
