TO THE GENERAL PUBLIC

The Torrance Fiesta is promoted by the Chamber of Commerce in order to give all of our own people as well as our neighbors the opportunity to enjoy themselves and demonstrate to you and to them the growth of Torrance. The aim of the Fiesta Committee is to put on a bigger and better show this year than before, and to keep on enlarging each year in order that our Fiesta may attain the proportion of an event to be looked for by many thousands.

It cost a lot of money to attain these results and we need your co-operation. The committee has obtained several hundred dollars worth of goods in all lines (gratis) from a number of representative firms, part of which will be given away as prizes for the different contests and sports, and the rest will be sold to the general public at prevailing retail prices. These goods consist of bread, flour, soap, candy, cigars, ham, bacon, canned goods, hardware, etc. Look for the Torrance Chamber of Commerce Booth on the Fiesta grounds, where all these commodities will be on sale. All money taken in goes towards defraying the cost of the Fiesta. There will also be on sale at the same booth watermelons, cantaloupes, soft drinks and cigarettes.

JUDGE HUNTER HAS BUSY WEEK HANDLING COLLECTIONS UNDER FIFTY DOLLARS

Disposing of as high as seven cases per day, Justice of the Peace L. J. Hunter is kept quite busy every day in the "Poor Man's Court." Since this feature of the justice court was inaugurated many creditors have taken advantage of the new law and are endeavoring to make their collections in this way.

Suit may be entered against anyone owing a bill of less than \$50 without any charge. The complaint may be filed in the justice court, the notice sent out by registered mail and if defendant does not appear when notified to do so an execution is thereby entered against him and a judgment secured. After execution is entered, then the cost begins to accumulate, as it is handled in the regular way.

All expense is eliminated. No attorneys are allowed. No assignment of bills is permitted, and there is no possible chance for collection agencies to infringe on the law and reap any benefits whatever from the new court. Of course, after judgment is given, then it is up to the creditor to collect, and this part of the transaction may incur expense as heretofore.

Handling of small amounts in this way is proving to be of great benefit to creditors, as before many small bills were let slide along, because it would take all the account was worth to collect it under the old system, and while it means a lot of work for the Justice of the Peace, it is a blessing for those who have numerous small accounts that are hard to collect.

The Baby Show for the Fiesta will be held Friday afternoon at Steffen Hall. Come and list your babies. Mrs. Pauline Harris of Vista Highlands is chairman of the committee in charge.

Mrs. N. A. Leake is reported doing very nicely after an operation last week.

Announcement!

Miss Porter of the San Pedro School of Arts announces that the dancing class scheduled for Wednesday will be discontinued until September 7.
