## A LONG FACE NEVER EARNED A PENNY

And a grouch never helped a human being. You can afford to smile even if you do not feel like it. A smile does not cost you anything, yet it has a business value. The chap who ducks and comes up smiling when everybody is pulling long faces is the chap you want to do business with. The grouch only begets grouches and grouchers. Look out you are not infected by the grouch. His poison is more dangerous than bolshevism, mosquitoes and fake "hooch" combined. Smile when you mean it and smile when you don't, and keep right on with a cheerful mug. It is good business. It helps your digestion, and it makes you welcome everywhere.
