### HUGE MELON

A fine specimen of a watermelon is on exhibition in the window of the Torrance Pharmacy, donated to the Chamber of Commerce by J. C. Brennan of Portola avenue. This is only one of many of the large melons grown by Mr. Brennan this year, and it is expected that some fancy prizes will result from his garden. The Germain Seed House sent out seeds early in the spring and offered a cash prize for the largest melon brought to their address in Los Angeles. Mr. Brennan took one of the largest in, which weighed 78 pounds, and to date is the largest. If no other of more pounds does not show up the money will come to Torrance.

TIRES

ALMOST any tire with a raised tread is claimed to be non-skid.

But the Vacuum Cup tread, with its four rows of stalwart vacuum cups, is guaranteed not to skid on wet, slippery pavements.

There's the difference—just as pronounced as is the super-service you get from Vacuum Cup Tires.

You pay a reasonable price for the quality—the safety costs you nothing.
