

Systematic Saving

Are you saving a certain per cent of your earnings? If you are you are on the road to contentment.

Some one has wisely said: "It is not the amount you earn that makes you rich, it is the amount that you save out of your earnings." Everyone can save something, either for a savings account or for the purchase of a home.

One fine thing about the people of Lomita is that most of them are buying a home. You are to be congratulated, for that type of people make the best of citizens.

Start saving a small portion of your earnings each week. Open a SAVINGS ACCOUNT and watch it grow. It will bring contentment.

WORMS will take the Try out of Poultry if not controlled. This can be done through the work of our BARNES' WORM EMULSION. It is not a medicine, but a very nutritious combination that promotes the destruction of the WORMS by assimilating them. It does not stop the hens from laying, and becomes a source of Profit instead of an expense. Ask for Booklet.

DON'T PLAY WITH FIRE

This is the lesson your parents have tried to teach you from infancy. Have you learned this lesson well, or have their efforts been of no avail? THEY knew from experience what they were talking about, and they tried to impart their knowledge to you so that you might be spared the bitter experience of losing your home, your stock, your savings of a life time.

Our duty is to remind you of your obligation to your parents, and to assist you in your insurance matters by rendering expert advice as just how you should be protected.
