MR. and MRS. J. C. McVEY, Managers

Mr. and Mrs. Chas. Long and Mr. and Mrs. Roy Flood were Sunday dinner guests of Mrs. Sherman in Los Angeles.

Mrs. J. C. Crosby of Gramercy avenue is confined to her home and has been very ill for the past two weeks.

J. P. Pinney, contractor, of Portola street, has the contract for a home to be built for Mr. and Mrs. Kerr of Los Angeles on Arlington avenue, near 220th street.

Mr. and Mrs. J. Stone, Miss Laura Couch and Mr. and Mrs. T. J. Tonkin of Lomita were Sunday guests of Mr. and Mrs. S. A. Salvason at Fullerton.

Mr. and Mrs. Sam Rappaport, Miss Esther Fleischman and Mr. and Mrs. F. H. Clark motored Sunday to the Mojave desert, where they visited George Probert and family, who are located near Hesperia. The party encountered very heavy and dangerous wind through Covina, Pomona and until they reached the Cajon Pass.

James Jones of Los Angeles purchased the new house which is just being completed by Contractor Pinney on Arlington near 220th street. Mr. Jones' mother and sister will come to Torrance and make their home with him.

Mr. and Mrs. Kenneth Robbins of Taft received news of the death of Mrs. Robbins' sister, who was severely injured in the New Haven fire. The Robbins formerly lived in Park Terrace and Mr. Robbins was the physical trainer at the Torrance school last year.

AMERICAN LEGION TO ORGANIZE BOY SCOUT TROOPS

(Continued From Page One)

Comrades Reeves, Scott and Alken was appointed to arrange the details toward the initial meeting of the proposed Boy Scout Troop, and to select a Scoutmaster and Assistant Scoutmaster.

This committee at a meeting held in the First National Bank Building on Friday last appointed Comrades Reeves and Scott as Scoutmaster and Assistant Scoutmaster, respectively, and made arrangements for a meeting of the boys and the parents interested at the Legion Hall on December 8. Of course, we go to press before a complete report of this affair is available. We can rest assured, however, that this is one of the finest moves made in our town for many moons, especially in view of the fact that the American Legion is wholeheartedly behind this movement.

The mothers and fathers of boys growing wild and woolly, red-blooded boys, in many instances do not realize the far-reaching significance of the Boy Scouts. A great man once said: "The boy is father of the man." This adage is as true today as it ever was, and is just as important. Every boy's mother and father should lend their every effort in furthering this work, as the boy of today is the man of tomorrow, and too much cannot be done toward making every boy "the kind of man his mother thinks he is."

The American Legion should be accorded the thanks of every loyal citizen of our city. Their motives are so unselfish, their actions speak louder than words, and in the years to come the nation will honor the memory of the man who started the Boy Scouts.

The Legionnaires are all blessing Comrades Reeves and Scott on the delicious supper served at the last meeting, and are hoping to have a regular feed at every meeting. We are proud to announce that our local headquarters is the mecca of all visiting Legionnaires on meeting nights. Quite a number have been present at the last few meetings. Join.

Now for new members. How are we going to reach them? Some one tell us. We want every mother's son who served in the World War and who received an honorable discharge to be a member of the American Legion. The Legion needs these men, but not as badly as these men need the Legion. Come down to a meeting. Buddies, tell us what you think. Get the growlers off your chest, give your troubles the air and become a member. Join.

The first of the year will soon roll around, dyes are coming due, and we want our Post to be the stamping ground of every ex-service man.

Find out about the Legion. Ask a member. Join.
The Llewellyn Iron Works has what they call a football team. We don't know what they'll call it when our Legion team gets through with them on the 17th.

Every evening this week has seen our boys passing the ball down the field, falling on it, breaking the line and everything that goes toward the making of a real honest-to-goodness football team. Had we started earlier there is no doubt that Llewellyn's would never have had the crust to challenge us. Join.

To see Whistler and Atwood race down the field is inspiration. To see Shoemaker and Post bucking that imaginary line is nothing short of heavenly. And Tom Moran! We are wondering if the Pacific Fleet's season cannot be lengthened to permit them to enjoy a real football game. In fact, should we keep going we're afraid the annual classic at Pasadena will be a total loss. The crowds will be in Torrance. Join.

Joking aside, though, our belated gridiron battlers look pretty promising right now, and we are sure of providing a thrill for all on the 17th. Join.
Basketball is gaining in favor these days and steps are being undertaken to organize a team. Come on, you basket throwers, if our building is not big enough for a court it is highly probable that one can be built out of doors and lighted to permit of night playing. Join.

MRS. T. C. ERICKSON TAKES

SLAYER OF TWO TO THE POLICE STATION

On the verge of exhaustion, with feet bleeding as a result of dodging his pursuers in the hills, but in no manner penitent, Oscar Thompson, who shot and killed his wife and sister-in-law at San Pedro Monday night, surrendered to the harbor police Wednesday night.

Thompson appeared at the home of T. C. Erickson, 1402 Cypress street, Lomita, just after dark last night. He was in a pitiful condition with bleeding feet wrapped in gunny sacks and with his face showing the strain resulting from exposure and lack of food.

When Thompson appeared at her home Mrs. Erickson asked him if he was hungry, and upon an affirmative reply soon had a steaming meal in front of the half-starved fugitive.

During all this time Mrs. Erickson was cleverly planning a line of talk that would influence him to give up. This was accomplished, and they left in the Erickson automobile, accompanied by Mr. Erickson, for San Pedro.

Upon their arrival Thompson remained outside and Mrs. Erickson entered the building and announced to Patrolman Nelson, the only officer on duty, "I've got Mr. Thompson for you."

Thompson immediately was taken to a cell and a charge of murder placed against him. He was taken to the Los Angeles City Jail Thursday.

He confided to Mr. Erickson, who had known him since 1917, and a comrade during the World War, that he had committed the crime and that he felt himself justified.

He placed most of the blame for the trouble upon his wife's sister, who, Thompson insists, interfered with his home life. He said he had spent all the time since the tragedy in the hills south of Lomita, where officers had been searching for the last three days.

Mrs. Anna Sassman and son, Harold, and Miss Elizabeth Kallenbach of Los Angeles took dinner with Rev. and Mrs. Zeller Friday night. Miss Kallenbach is a teacher in Los Angeles. She taught for some years in Gardena.

Rev. Zeller is expecting his parents, whose home is in Swift Current, Canada, for a Christmas dinner. They will spend a few weeks in Torrance.

Mrs. Dr. Lancaster, with her corps of assistants, are training the children of Central church Sunday school for their Christmas entertainment, which will be held Friday evening, Dec. 23. They expect to have a Christmas tree at the entertainment.

PASS RESOLUTIONS FOR NEEDED IMPROVEMENTS

Second, the re-surfacing of certain streets, namely, Carson from Cedar to Cabrillo, a portion of Peralta and El Prado from the depot to the city boundary just east of the bridge. These streets were laid out ten years ago, and have given excellent service without any maintenance work. The surface is now wearing, however, and a dollar spent in maintenance now will save many dollars expense later if the surface should be allowed to disintegrate further. The work will be comparatively inexpensive, covering the surface with rock and oil, and is to be covered by bond issue estimated at about \$12,000.

Third, the purchase of a sewer farm. This is a very necessary piece of property to a city and great difficulties might be encountered if the logical and available property now used were allowed to pass into other uses. The protracted trouble experienced by Pasadena, South Pasadena and Monterey Park over location of a suitable sewage disposal plant should be a warning to any forward-looking community to secure a site at a right price at an early date. An offer has been had from the Dominguez Land Co. of \$900 per acre for the forty-three acre tract, at which price the property will be a most valuable holding to the city. Including purchase price and tools and equipment and the preparation of land for profitable use of the water, \$50,000 was read as the engineer's estimate.

Other business of interest transacted was the approving of Mrs. O'Leary as registrar of voters and the determination to request Mr. Pruitt to reconsider his resignation and to continue his services as recorder.

The lone bid on street work for Tract 4070, was formally rejected after it was announced that an agreement had been signed by the Land Company extending the time by six months in which the work could be started.

A resolution requesting the trustees and the Land Company to change the name of Veils street to Doble street in honor of the late president of the Union Tool Co. was presented with a long list of signatures was approved by the trustees and referred by them to the Land Co. for action, as the street referred to is still undedicated.

By motion the meeting was adjourned to next Tuesday evening, December 13, when further work will be done toward disposing of the formalities connected with the very important work described above.
