STOREROOM

Guy Bray is on his vacation; he went to Tia Juana. And on the day before he was going there, he made a date with Jake Nidy. They were to meet in a certain place at a certain time, and oh, boy! what they were going to have. On the following Monday we saw Jake, who claimed he waited for hours in that certain place for Gus, who never showed up. Maybe Gus got enough before he reached this certain place. We heard him making dates with other fellows. But what about it, Jake? It was not such a bad place after all to be hanging around waiting for a fellow. Gus is now spending his vacation in Redondo, where he and his family enjoy the plunge. A certain party has noticed that Gus leaves his family in the 2 ft. pool, while he is waiting his turn in the deep pool taking swimming lessons from a lady instructor.

Mr. Dehner is enjoying his lunch hour very much lately. We have now with us Mr. Charles Le Boeuf, and what he and Dehner don't know about chickens is not worth knowing, but if they are telling the truth a poor man might better raise a dozen kids.

As a general rule, regardless if it is a Ford you are driving, you are entitled to one-half of the road. Dell Brown does believe in that very much. One night coming the road from Torrance to Redondo, where the road now looks like the Mojave desert, Dell kept holding his half of the road. One big car came from the opposite direction, but Dell had made a mistake, he had taken his half part in the middle of the road, and in the very last minute Dell had to go out in one foot of soft sand, thereby giving his passengers a beautiful sand shower. None of them could talk, see or hear for five minutes after, but that was better than being hit by the big car.

Beverly Smith is leaving for San Francisco this month. Beve says he is going up by boat. We will know by next month what way he comes back.

A new two-ton truck is expected for the Storeroom, to take the place of one of the small service cars. We see Jim Billings driving one now. The reason for the change is that Torrance is getting too fat to get in and out of the car he is now driving.—U. T. Co. News.

FORGE SHOP

Hower on No. 2 Hammer is the proud owner of the latest type muscle developer.

Timekeeper Wykoff has started a matrimonial bureau and has a few helresses and others, looking for husbands. Line up, fellows.

Mr. Lundgren says he will never go back to Indiana again in a cattle car.

It has been said that Pete on No. 7 Hammer will challenge Jack Dempsey in the near future.

Our friend, Mr. McIntire, says he did some laboring on Labor Day. Mrs. McIntire forgot the groceries and the butcher shop was closed.

Johnnie Fabruot has a rejuvenated Dodge. He transplanted a gland from a monkey-wrench and jack to her and he says he has a hard time keeping it from climbing trees and swinging by the tail light and that it kicks like a mule.

(Hold her Johnnie, she's rearing.) Mr. A. E. Briggs spent a few days on his vacation in South Los Angeles inspecting Colburn Duck ranch. We understand he is thinking of going into the business to supply next summer's demand at Hermosa Beach.

Hower on No. 2 Hammer has just purchased a Dodge roadster. He says the reason he bought a Dodge is so he will learn how to dodge the crane.

Salt is trying to raise something under his nose. But there is no name for it. So all of you take a look and we will try and find a name for it.

Harry Stowe met with an accident on the road to Little Bear Lake. Nobody was hurt, which we are glad to hear.

Evert Allen was woke up by a lot of noise the other night, but he was caught trying to escape out of the window with his wife, but the crowd had the treat just the same.—U. T. Co. News.

Lumber Dealers Plan Convention

Saturday, November 18, is the date of the annual meeting of the Southern California Retail Lumber Dealers' Association. Los Angeles is the place, but the hotel has not been selected.

These definite plans were made at a meeting of the directors in Los Angeles a few days ago. Present at the meeting were President Will Davies and Secretary-Treasurer F.L. Morgan, as well as most of the members of the board of directors.

The committee in charge of arrangements consists of C. W. Pinkerton of Whittier, C. H. Chapman of Santa Ana and Frank L. Fox of Glendale.

The nominating committee consists of Frank Gibbs of Anaheim, C. H. Griffin of Artesia and M. A. Vining of Covina.

An attractive program will be worked out. These details are in the hands of the committee, who will co-operate with Mr. Morgan.

Mike O'Brien was arguing to S. Snyder about being tough. Mike said that he was so tough, that he has to keep his hands in his pockets when he walks down the street or he'd get pinched for carrying concealed weapons; and Sam told him that he was kinda tough himself. Sam said that he was so tough he had to send for a plumber to fix a leak in his heart.

Can you imagine any one getting sea-sick going to Catalina? Well we have a certain fellow in the steel foundry that does. If he goes into a store to buy fishing line or even goes to the ticket office to buy tickets for a boat ride he gets sea-sick. We won't mention your name, Coleman, but there is only one remedy to cure your sea-sickness and that is try standing on one foot.

Chet Palmer said he wasn't going to buy any more magazines if we wrote anything about Tom Jones or Jack Guyan, so I guess we won't write anything about them, we'll put their picture in it.

People long for the good old days when they could read all the way through a big daily without finding a word about strikes.
 F. Kephart, the Inglewood flapper, was again seen with the merry widow. Frank expects to take the three commandments again. 1st you are born, 2nd, you get married and 3rd you die, so Frank thinks there is nothing else for him to do but die.
