

Popular Merchant Breaks Collarbone In Football Game

The sympathy of all of Torrance went out Saturday afternoon when Sam Levy, veteran football player, was carried off the local field with a broken collarbone and bruised shoulder. Dr. Stevenson of the Union Tool company, and Dr. J. S. Lancaster attended Mr. Levy, and with the use of shoulder straps soon had their patient resting as easily as was possible under the circumstances. The injured merchant was put to bed, but insisted upon coming down to his store Monday morning, only to have to give up and return to his rooms in the El Prado Apartments. Hundreds of inquiring friends called continuously Saturday night, and Sunday, and Monday night a number of his Los Angeles' anxious friends visited him. Sam, though suffering from his injuries, extends his appreciation for the manner in which his many friends responded to aid immediately after the accident. The crash came upon the kick-off, and as the two teams ran together Levy was hit by an Indian weighing 225 pounds. The impact was enough to knock out a player of any

RECITAL BY MRS. C. M. HUNN'S PUPILS

A piano recital will be given by the pupils of Mrs. Charlotte Marlon Hunn of this city on Monday evening, January 15, at 8 o'clock, at the Central Evangelical church.

Quite a lengthy program has been prepared for the recital, the pupils having worked hard and faithfully to perfect themselves as far as possible in their various numbers. Not any of the children taking part have appeared in recital before this time. A pleasing program of classical and bright, up-to-the-minute music will be given.

The recital is free, and any who enjoy music and care to attend are welcome. The following ladies will assist Mrs. Hunn on the program: Mrs. W. J. Neelands, Mrs. L. F. Bennett, and Miss Bernice Elman. Mrs. O. G. Bath and Miss Elman are accompanists.

smaller physique, and as they regained their feet the two teams went into scrimmage. Sam made two line bucks with a broken collar bone, and then reluctantly gave up when the call for "time out" was made.

TWENTY-FIVE HOMES FOR TORRANCE

Pres. of Bldg. Co. Gives Assurances of Immediate Work

The following letter, received a few days ago by Secretary Gadeky of the Torrance chamber of commerce from C. A. Piper, president of the Southwest Chamber of Commerce, and head of a large building concern, is self-explanatory, and assures Torrance of a start at least in relieving the housing situation here:

"Southwest Chamber of Commerce. "7526 South Vermont Avenue. "Los Angeles, Calif., Jan. 8, 1923. "Mr. Gadeky.

"My dear Sir: Perhaps you may think I have gone stale on the proposition of building homes in Torrance, which is not so. I sure appreciated the interest and courtesy extended me while there. I am quite busy raising finances with which to operate on in such a manner as to make it a real go, and be able to give houses to customers in reasonable time and numbers. It is a pleasure to tell you that I am very enthusiastic, and have reasonable assurance that I shall succeed. I believe it is almost safe to state that I will be able to start 25 homes within the next ten days. "Thanking you, I beg to remain, "Yours truly, "C. A. PIPER. "920 W. 82d street."

You Auto Know

That after the oil is drained from the crank-case, an operation which should be attended to every thousand miles or so, about half a gallon of kerosene should be poured in and the engine run for a minute or less, so that the kerosene may be thoroughly circulated through the lubricating system. This will completely remove the old and worn-out or thinned oil and make it easy for the new supply to function properly.

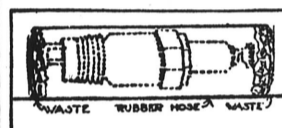

After the engine has been run, the kerosene should be drained off, the screen which guards the oil pump removed, washed in kerosene and replaced and the splash pans under the connecting rods wiped off. Finally, after the entire interior of the engine has received its internal bath, the crank-case should be filled with fresh oil of the proper grade. If this is done at proper intervals, there will be few if any lubricating troubles and, while it is a messy job, the operation is well worth while, because even slight damage to the mechanism is likely to cost a good deal more than fresh oil and the expense of putting it in. CARE FOR UNIVERSAL JOINT

It Does Great Amount of Work and Must Be Lubricated Properly to Stand Strain.

The universal joint should never be neglected because it is not easy of access. It does a terrific amount of work, and must be lubricated properly to stand the strain and also to transmit power without absorbing a great deal of it through friction. As it begins to wear it develops a peculiar thump, which gets worse very rapidly.

Spark Plug Cover

Extra spark plugs may be protected from breakage by inserting them in a section of rubber hose. Each end should be closed with a bit of waste to prevent the plug from working out.

CARD PARTY

The Royal Neighbors of Torrance will give a 500 card party next Tuesday night, January 16, in the home of Mrs. John Fess, 1729 Arlington. You are invited to be there at 7:30 o'clock, sharp. Six prizes will be awarded, and refreshments will be served. Thursday evening, January 18, the Royal Neighbors and the Modern Woodmen of America will hold a joint meeting for members and their friends. Officers of nearby Camps will take charge of the work for the evening.

Mr. and Mrs. Phillip Ausburn of Los Angeles have taken an apartment, temporarily, at the Brighton. They soon will occupy their new home on Marcelina avenue, now under construction.

Mr. and Mrs. A. F. Barth of Long Beach were guests Sunday of Mr. and Mrs. C. B. Bell of Marcelina avenue.

Robert Woodington was home over the week-end visiting his parents, Mr. and Mrs. W. W. Woodington of Arlington avenue.
