### BOY SCOUT NEWS

#### Troop Two

It is very gratifying to all of those who are interested in our Boy Scouts to know that we have had a very successful month in scouting. We have a 100 per cent troop. That may not sound so big until you know that means that every boy in Troop Two passed at least one test. That means that we are succeeding. It is true of scouting as well as anything else "you must either go forward or backwards; you cannot stand still." Every test passed means that that boy has learned something which will aid him in the great game of life. First aid, cooking, tracking, swimming, signaling and many other things which these boys have learned will surely make better men out of them.

We would like to have our friends attend a rally of all of the troops of this district to be held in the American Legion hall next Saturday night. A contest will be held to determine which team shall represent our district in a contest with the San Pedro troops in June. This contest will be strictly along the lines of first aid.

We all hope that our old steady Turner McClain will pass his last second class test judging, which will make him a first-class Scout. It looks very much as if he will be wearing one of those watches the American Legion has offered to the first three Eagle Scouts. Walter Zuver is now a second-class Scout. We are not just sure of how many other boys will receive their second-class badges Saturday evening at the rally.

Our sandy-haired scribe, Tom Daugherty, can't help but tell a good one on Walter Zuver. Walter was up for first aid examination before Mr. Moore and was asked what he would do if he was in an automobile accident and had cut a deep gash in his hand and had no other first aid equipment than cup grease and gasoline. His answer was that he would fill the wound with cup grease and put gasoline around it. Walter did not pass that night, but he did later. Our new patrol leaders are working hard with their patrols. I wish space permitted me to publish some of the patrol meeting reports for they are very interesting.

Mrs. Henry Urban is enjoying a new four-door Ford sedan.

Mr. and Mrs. Ell Stevenson and family of 1957 Playa Del Amo left for Iowa Monday to make their home.

The primary department held an Easter party at the home of Mrs. Transchella in the Palos Verdes hills Saturday afternoon. The afternoon was spent in hunting Easter eggs. Refreshments were served. About 40 little people were pres-

# We Celebrate Our Tenth Anniversary

April 5, 1923

—AND—

On or about May 15th, when we move to our New Store that is rapidly being finished, our square feet of floor space will measure exactly 4160 square feet.

## Our 10 Year's Growth

We started business in Torrance on April 5th, 1913, with a floor space of exactly 578 square feet.

On April 5th, 1914, it had grown to 1000 square feet of space.

In August, 1920, we were compelled to add more room and at that time were using 2000 square feet of floor space after alterations were completed.

## Our New Store

will contain 4160 square feet of floor space and give us ample room for the addition of a much larger stock that has been purchased for our opening.

We account our growth to the buying public and wish to thank those who have helped to make our business a success.
