|                               | George S. Welch    |

The map above shows the comprehensive plan of the Metropolitan Sewer System which you will notice is composed of four districts: Numbers 1, 2, 3 and 5. We are located in District No. 5, which votes on this important development next Tuesday, February 24. District numbers 1 and 2 have already approved the bond issue by an overwhelming majority of 15 to 1. Let's show the rest of Southern California that we are men and women of vision, too. VOTE "YES".
