#### HARMONY vs. DISCORD

(Continued from Page 1)
to produce unity of effect; concord or agreement in facts,
opinions, manners, interests; peace and friendship."
Isn't that a splendid definition?
Isn't harmony, something to be strived for, individually,
collectively, among neighbors, in a municipality, ON A
BOARD OF TRUSTEES?
Does Torrance want fair, efficient government WITH
HARMONY?
Or does Torrance want government with continued
turmoil and discord?

THE HERALD has full confidence in the answer the people of Torrance will give to those questions next Monday.

We believe that the people of Torrance are of the type of intelligence to classify properly any political campaign that is based on influendos, half-falsehoods and hatreds; that it is the will of Torrance that political feuds based on hate be kept out of the Board of Trustees.

ONE last thought. No matter how you are going to vote, be sure and vote on Monday, so that the result, no matter what it may be, will represent the decision of the greatest possible number of people.

### March! 16,265 Cars Greatest Nash Month— Greatest Ajax Month

February—with Nash-Ajax sales totaling 14,148 cars—set a new high mark for both Nash and Ajax—but March, with 16,265 cars, swept beyond even that great record.

And still factory production was not sufficient to fill additional bona fide March orders for 1,518 cars.

For Nash it was the 19th consecutive month that sales have exceeded the figure achieved by the corresponding month of the previous year—except for November, 1925, when production was slowed up to bring into manufacture the new "Enclosed Car" motor.

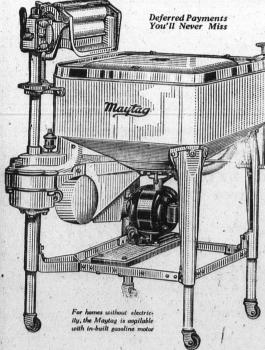

This great and growing national trend among buyers toward Nash and Ajax cars is assuming the proportions of a veritable landslide.

All because Nash-Ajax means greater Quality, greater Value, and far finer Performance—and people can't be told otherwise. It is only too apparent when you look at the cars.
