**DeBra Enjoys Trip To Yosemite Valley**  
Eugene F. DeBra of the DeBra Radio Company has just returned from a motor trip to the Yosemite with his brother, W. H. DeBra, of Compton, and W. C. Shlemaker of Torrance. They made the trip each way in 12 hours in a Red Flying Cloud.  
Mr. DeBra reported the Yosemite Valley exceedingly beautiful during his visit. The weather was excellent and the fishing good. He was particularly pleased with the performance of the car in which the trip was made. During one of the hottest days of their stay, Mr. DeBra said, they drove from the floor of the valley to Glacier Point without a stop and without boiling the radiator. When they reached Glacier Point they found many cars with their radiator caps off, spouting like miniature "Old Faithfuls."
