OBSERVATIONS

(Continued from Page One)

as a bad woman, which every girl would become unless she was good. We cite this contention not because we adhere to it, but because there is just enough of a vestige of logic in it to prove that in all questions there are two sides, even when most of us can see only one.

NOW don't make any mistake. With all our other iniquities of mental attitude, we do not champion the return of the brotzel. Quite the contrary. But we can feel some sympathy for the Boston man who tells us that he moved his family into what seemed to be a respectable apartment house, only to find that several of the units in the building were occupied and used for carrying on their trade by women of the crimson profession.
