PANCOLATE

REACHES THE CAUSE is not an ordinary laxative. While it has a pleasant laxative effect right from the start, eventually it overcomes the most chronic conditions.

5 to 25 Miles per Hour in 7¼ Seconds! 10 to 45 Miles in 131/2 Seconds!

No other car in The Victory price class car approach these astonishing get-away figures And that holds equally true of Victory speed

There's a simple, logical answer to this spectacular performance—unequalled power per pound of car weight.

In other words, a new and superior kind of engine with a new and superior kind of body.

The problem of weight solved thru simplicity of design. The problem of design solved thru simplicity of parts. (No body sills—only 8 major body pieces)

High power made feasible by rugged Dodge construction and Dodge quality materials . . . High speed made practical by a lower gravity center and no body overbang. (Chassisfull width of body)

This is Victory Demonstration Month. Drive the car and win one of Dodge Brothers big Demonstration Prizes. (Full details on request)
