DOUG SAYS VOTE 'YES' ON NO. TWO

Douglas Fairbanks The bringing of the tent to California is, in my mind, the outstanding achievement of this State during this decade. Economically it will mean a great deal to us for it will find the eyes of the world upon California. It will bring to us thousands of visitors from all parts of the world. It will afford to build a school into the youth of our land. Every citizen who has the best interests of California at heart is trying to secure the right of this legislative act. It is a great opportunity for us to show to the world that California is a progressive State. We are not only a progressive State, but we are also a progressive people. We are making a great contribution to the world by our actions. We are making a great contribution to the world by our actions. We are making a great contribution to the world by our actions.

News of the South Bay and Harbor Districts

New Gaming Ship Now Being Built for Quick Launching

WILMINGTON JOURNAL Predictions that the floating gambling palace now being built at the harbor from an old, unsafe hulk of a ship, will never be placed in operation, were made by federal officers yesterday. Discovery that the ship, designed to become the water Monte Carlo of the Pacific coast, is under construction, sent federal, state and city attorneys to their law books wherein, they are confident, can be found some statute or regulation that will prevent the vessel from ever sliding down the ways.

The department can require an inspection of all ships in passenger service, and the registry of the gambling palace, which it is understood will operate as a pleasure craft, can be used as a means of enforcing compliance to department regulations. If the ship is launched, officers agree, it is a foregone conclusion that thousands will visit it at its anchorage beyond the 12-mile limit.

The ship, the Montaleone, already branded as unseaworthy and unsafe, is scheduled for launching between November 1 and 10. The owners are J. W. Byrnes, H. O. Dougherty and N. D. Oswald. Tommy Jacobs, proprietor of the Ship cafe at Venice, where Albert Marco shot Dominick Contorno, is holder of the cafe and dance concession on the vessel. The grand jury recently conducted an investigation of the ship cafe.

Two squads of guards have been thrown around the ship. One squad represents the gamblers, the other the police.

Airplane Factory Planned for District

EL SEGUNDO HERALD

And still the industries come to this section. Another corporation to select a site near here is the Joseph Kreutzer corporation of Los Angeles which has purchased a site on Centinela boulevard opposite the Fox Hills Country club and will soon begin the erection of a factory for the production of airplanes. The factory will be a large, lighted, closed cabin, four plane, dual control plane. A school of instruction will also be conducted by the company.

It is understood that the corporation will expend from \$100,000 to \$150,000 in the construction of the factory, its equipment and in the improvement of the school and airport.

The factory superintendent will be Edward Donahue, for ten years in charge of the United States Navy aircraft repair department at North Island, San Diego, and Lieutenant Colonel the World Flyers, will be in charge of flight instruction. The airport will be in charge of Commander A. F. White.

Ground will be broken for the new enterprise at an early date, the exact time, however, not yet being set, it is announced.

Miss Joan Neelands, daughter of Dr. and Mrs. W. J. Neelands left yesterday for Los Angeles, where she will enter training for a nurse at the General Hospital.

One bear was dropped within a few feet of the camera after the hunters had crawled into a cave to get in contact with the animal.

New Swedish Line Makes Wilmington Port of Call

WILMINGTON JOURNAL This harbor, already Pacific terminus for five around-the-world ship lines, gained further prestige yesterday as pivotal port for globe steers, when the Trans-Atlantic Steamship Company of Sweden announced that this will be the only American port of call for its new world-circling passenger fleet, which rounds the globe via Australia.

Opening of the new route follows repeated demands by both Pacific Coast and Australia-New Zealand commercial interests for a direct passenger service between the Antipodes and Southern California. In addition to the two fast liners, Mirabooka and Parrakoola, the Trans-Atlantic Line operates a fleet of passenger-freight ships in direct service between this harbor and the Antipodes.

Mayor Opposes Council Policy, Resigns His Post

HAWTHORNE-LENNOX ADVERTISER Because he declared himself to be opposed to the policy of the majority members of the city council, particularly in the matter of paying attorneys' fees for contesting of Councilman Ramages recall, Mayor Wm. P. Reese tendered his resignation as chairman to the city council at Monday night's session of that body. Mr. Reese's action was countered by prompt refusal to accept his resignation on the part of his friends on the other side of the political fence. His letter cited his objection to signing warrants for the attorneys' fees voted to Louis Greenbaum and L. B. Malloy, \$500 and \$250 respectively, and his opposition to the use of public money to contest the Ramage recall.

Hickman Sends Reply to Local Citizen's Note

GARDENA VALLEY NEWS The Hickman-Parker murder so provoked Karl Schammesberger, 318 Market, Moneta, that he gave vent to his feelings in a letter to Hickman a few days before the hanging, October 19. The following is a copy of the reply which Schammesberger received from Hickman: Condemned No. 45041 San Quentin Prison, Oct. 14, 1928 Mr. Karl Schammesberger: Dear Sir: Jesus Christ is merciful and willing to save all who re-

pent and believe on His Holy Name. I know I have been a most wretched sinner. I have caused much grief to my own mother as well as Mrs. Tom's and the Parker family. I am sorry and Jesus Christ is ready to save. Hold no hate against any man my good friend for to hate your fellow man is to hate God. May God bless you and your family and all the people of Moneta and all the people of California and all the people of the United States and all the people of the world. By the grace of God I have driven the demons of Satan out of me. I trust in Jesus Christ to live after the grave. I love all men. Sincerely, William Edward Hickman.
