at the factory

COMMANDER EIGHT CONVERTIBLE CABRIOLET, \$1645. Six wire wheels and tank rack standard equipment. COMMANDER EIGHT COUPE, \$1495. Prices at factory. Bumpers and spare tires extra.

TODAY'S Commander Straight Eight has swept a popularity eclipsing even that of its predecessor, the gallant Commander which sped 25,000 miles in 22,968 minutes. Studebaker, holder of every official speed and endurance record for stock cars, now sells more 8-cylinder cars than any other manufacturer.

The Commander Eight blends style and speed with comfort unknown until Studebaker introduced ball bearing spring suspension. And its One-Profit price is quite as remarkable as its champion performance.
