CALIFORNIA ARTISTS TO PREDOMINATE AT FAMED "SYMPHONIES UNDER STARS"

Eight of seventeen soloists now being featured at Hollywood Bowl summer concerts, as pictured above, claim the Golden State either as birthplace or adopted homeland, or owe their musical training to native teachers.

HOLLYWOOD, August 1—Fifty per cent of the headlines taken to be featured at the Hollywood Bowl symphony concerts this summer has a distinctly California background. Scrutiny of the records of eight of seventeen artists to appear on the Friday night programs of the season, which have been designated as a series featuring soloists and special attractions, reveals that one is a native of Los Angeles, three are the product of local training and finishing, two here and one in San Francisco, and four are transplanted artists who have found California a congenial habitat in the further upbuilding of their careers.

Wholly a Los Angeles product, Norma Gould has dazzled audiences in the foremost centers of the country with her terpsichorean art and has managed to maintain at the same time one of the foremost studios devoted to classical dancing on the Pacific coast. Miss Gould and her ballet of fifty corymbes, each individually trained in her own institution, appear in two spectacular diversissements at the Bowl on August 20.

Of the three local artists scheduled for Bowl appearances who are the product of California training, Alexander Kisselburgh is just now most in the limelight. Taken in hand by Louis Graveure, who put him through an intensive course of coaching, Kisselburgh has gone to New York and won prime recognition as a concert and oratorio artist in less than two years. He sings in "Tannhauser" on August 16.

Frits de Bruin owes his entire vocal training to a California teacher. This baritone, migrating to America from Amsterdam, joined the Apollo club of San Francisco as a boy, supplemented his recreational singing with instruction by a local teacher and won a two year Chautauqua engagement as soloist as a result. He has made three concert tours of the Hawaiian islands and has filled engagements as church soloist successively at Portland, Oakland and Los Angeles.

WALTERIA NOTES

The Girls' Club held their weekly meeting at the home of Mrs. C. E. Edmondson of Park street where they spent the evening playing games and later made candy which they enjoyed. The girls were Velaine Flint, Cathryn Lupin, Mary Kean, Laverne Joberg, Jean Campbell, Virginia Crowe, Thelma Dabner and Kathleen Sexton, Dorothy Hamilton.

Mr. and Mrs. Sydney Welch and daughter Medora Edna of Redondo Beach were dinner guests of Mr. and Mrs. Shelby Venable of North Park street Sunday.

Mr. and Mrs. Jack Ramsey and little son Raymond and Mr. and Mrs. J. W. Brott of North Park street were dinner guests of Mr. Ramsey's parents, Mr. and Mrs. J. F. Burke of Ocean Park recently.

Mrs. Eva Kelley of North Park street attended a weiner bake at Brighton Beach Thursday evening.

L. A. COUNTY GETS MILLION IN ROAD WORK

All Records Broken in Tax Collections—State to Pay Traffic Officers

SACRAMENTO, Aug. 1—The apportionment of \$6,835,344.90 in motor vehicle registration fees to the various counties of California and the State Division of Highways, to be used for the repair and maintenance of highways, is announced by the Division of Motor Vehicles.

The apportionment is based on fee paid registrations of motor vehicles and trailers totaling 1,859,523 for the first six months of 1929. It is divided equally between the highway division and the various counties.

Deductions are made from the apportionment of the counties amounting to a total of \$508,310.50, this representing funds advanced to pay the salaries of traffic officers during the first six months of the year and reserved for their salaries up to August 14th.

The actual gain in fees paid into the division during the period was \$1,164,626.20 over the same period of 1928.

Registration showed the enormous gain of 156,151 over last year. Registration of all types of motor vehicles and trailers were announced as follows: passenger cars, 1,737,961; solid tire trucks, 19,462; pneumatic tire trucks, 67,473; motorcycles, 8,100; trailers, 36,527.

Fees from passenger cars alone for the period amounted to the staggering sum of \$5,632,867.05. Transfer fees amounted to \$302,716.50.

The registration totals do not take into consideration the thousands of vehicles used by public service corporations, cities, counties and other political subdivisions that are exempt from the payment of registration fees.

Los Angeles county with fee paid registrations amounting to 755,776 vehicles will receive \$1,389,061.25, the largest share of any one county. Alpine county with sixty-eight fee paid vehicles will receive \$124,588, the smallest share.

PHONES SHOW 28% GAIN IN YEAR, HERE

During the first six months of 1929 Torrance had a gain of 76 telephones, as compared with 51 for the same period of 1928, according to figures released by Fred W. Smith, district manager of the Pacific Telephone and Telegraph Company. Today Torrance has 918 telephones, while a year ago the number was 742. This means that Torrance has had a 23 per cent increase in telephones within a year.

Since its establishment in 1913, the Torrance exchange has grown rapidly. In 1918 there were 81 telephones, and in 1924, 389. During the past four and one-half years the exchange has doubled. Of the present number of telephones, 266 are in residences.

TORRANCE NOTES Mrs. George Nahmens of Carson street will entertain on Thursday evening a group of the younger set of Keystones as a courtesy to her daughter, Ruth, in honor of her birthday anniversary.

Several cars at Torrance Beach were rifled Sunday morning while owners were bathing in the surf, according to complaints made at the police department here. The cars were locked, but had been broken into.
