TANSEYMEN LOSE TWO HOT GAMES

Printers Top League When First Half Ends; Bankers Off to Good Start

Those demon 4-percenter, the First National Bank team, started the second half of the Torrance Merchants indoor baseball schedule with a win, when they downed the Tansey Barbers 2 to 1 after a struggle that almost spelled heart failure to the ragging fans.

For seven innings both teams traveled at top speed, with the pitchers putting all the stuff they had on the ball, and their mates turning in errorless support.

Not until the first half of the eighth did a man reach third base, but at the start of the extra frame, Claypool, veteran first sacker, who night in a Bankers uniform, laced out a hit that went for a triple, and the big fellow scored a moment later on a double by Johnny Ducanza, the same hit driving in another runner from second.

The Barbers in their half, threw away their razors and picked up the war clubs, but the best they could do was to count one tally.

Gribben and Morrell both pitched a fine game with the Bankers' boys having a bit of the edge in the final stanza.

On Friday night of last week the Automatic Printers, snatched a tight game from the Tansey Barbers, 4 to 1, to finish at the top of the percentage column in the first half of the league schedule.

BLUE BOYS IN LAYOFF UNTIL SEPT.

Manager Ed Tansey Plans Reconstruction of Team for Winter Season

Not until the Sunday after Labor Day will the Torrance Blues be seen in action, according to Manager Ed Tansey, who is scouting the territory in search of new talent to build up the weak spots in his team.

Most of the old line-up will be retained, but there are a few places to be filled and on the right selection will depend a great deal of the team's success for the coming season.

In addition to new players, Manager Tansey is planning a switch in the positions of some of his regulars. During the past summer season changes in the line-up were

frequent, in order to test out the ability of the player, particularly the infielders, in the different positions and the showing made by each will determine his position in the regular lineup in the coming series.

Goldman, Atwood, Duesneau and Wolf will probably constitute the infield, with Goodman behind the bat. Two new outfielders and a pitching staff are yet to be selected and the crop of outfielders will be closely scanned in order to pick men who are heavy hitters as well as good gardeners.

No arrangements have been concluded for the opening game, but announcement of the time, place and players will be made later.

PHARMACY TAMES TOP NOTCH PRINTS

Basement Brigade Swings Fast One on Champs for Count of Five

Pharmacy 5, Printers NUTHIN. Oh, what a kick in the pajamas THAT was.

The lowly cellar champs, in spite of their shattered lineup and their doubtful morale due to the numerous beatings they absorbed during the first half of the Twilight league fracas, took the cocky Inklingers last night to the pre-tiest cleaning that the local diamond has yet seen.

Howard Morning, chucking for the Printers, had nothing on the ball that the Pillsberrers could not solve, and was pounded hard. Besides numerous timely singles and doubles, two homers were plucked up and put in the bag, the entire job of walks and hits netting the Druggrists five runs.

Things looked a bit dark and gloomy in a couple of innings when the Printers managed to get three men stacked out on the cushions, but the Druggrists let it be seen that they had no time to listen to bedtime stories and put up a few prescriptions that lowered the rising temperature, one of them a corking double from third to second that robbed the Printers of their best chance to score.

While the crowd which saw the pastime was not so large in numbers as usual, it is currently reported that the collections were very good, very good indeed.

On Friday night the Pharmacy boys will endeavor to repeat their stellar performance with the Tansey Barbers as their opponents. As the Barbers gave the Bankers a run for their money on Monday night it can be confidently expected that there will be a sweet game.

SPEED BOATS TO MAKE 100 MILES, HOUR

Detroit Races Will Witness Packard - Powered Boats Going 3 Times Faster than Atlantic Liners

Freely made predictions that a speed of 100 miles an hour on the water will be seen at the International Harmsworth race in September on the Detroit river, coupled with the keen competition for speed honors between two great trans-Atlantic liners have aroused new interest in marine speed records.

While the great liners, Bremen and Mauretania, are fighting it out on the Atlantic to determine which is the faster, their speed records, shifting back and forth from one to the other, remain in the neighborhood of 31 miles an hour. They travel slowly as compared with diminutive racing boats now holding the world speed records.

The world's fastest boat is Miss America VII, designed, built and driven by Gar Wood, millionaire Detroit sportsman. She has an official record of 83.123 miles an hour. Miss Syndicate, owned, built and driven by Horace Dodge, holds the official world's speed record for displacement boats at 54.71 miles an hour. The fastest cruiser in the world is Caleb Bragg's new Rascal, 57 miles an hour. Rowdy, owned by Carl Fisher and destroyed by fire a year ago on Long Island, held the unofficial record for all displacement boats at 64.7 miles an hour. Packard Christcraft, owned by Col. J. C. Vincent, holds the official American record for displacement boats for 150 miles with an average speed of 55.55 miles an hour. Nuisance holds the American records for speed in the Gold Cup displacement boat racing class at 49.1 miles an hour. The fastest pleasure boat in the world is Jayce II recently completed by Gar Wood for W. S. Corby, Washington, D. C. In her official trial runs she made 66.5 miles an hour with seven passengers.

Of interest to the automobile industry is the fact that each of these boats is powered with a motor designed and built by the Packard Motor Car Company. Miss America VII has two Packard engines developing 1100 horsepower each. Miss America VIII, built by Wood for this year's race between England and the United States for the Harmsworth trophy will have two Packard engines. Miss Syndicate, Rowdy and Packard Christcraft each made its records with a Packard 550 horsepower engine. Rascal has two 550 horsepower Packard motors. Nuisance is powered with a Packard 500 horsepower engine.

TURTLE SETS FAST PACE AT PET SHOW

Owner of 200 Year Old Pet Awarded Prize for Oldest and Slowest

An enjoyable watermelon feed and an amusing pet show featured the Lomita Elementary playground last week. Contributions of 5c each coming from all who participated made it possible to secure several melons that were consumed with gusto. Another feed is planned for this week. The pet show brought out a large assortment of interesting pets. Donald Meers won the football given as the prize for the largest pet when his thoughtful dog waffle hound crowded the other pets out of the picture. Jack Rathburn won the prize for the smallest pet with his untrained and un-fed fleam. Betty McKeowan, Marie Chisholm and Betty Bailey all competed for the cleverest prizes with small kittens, greasily beeboned. Bertie Zaman won the prize for the youngest pet with a tiny rabbit and Herschel Pearce won the prize for the dumbest pet with a tiny turkey. Cally Hammaack with his 200 year old turtle easily took first honors for the slowest and oldest pets and his turtle also licked every dog on the grounds.

Boxing is rapidly developing as a popular sport at the playgrounds now and runs second to football. Both real boxing and comedy boxing such as blindfolded and barrel boxing hold interest. The Lomita baseball team champions of the harbor district by virtue of their wins over Wilmington, San Pedro and other teams is practicing daily for the championship Los Angeles series to be played this week.

Next Saturday, August 24th will be the last playground swim of the season. The boys will leave the playgrounds at 9 o'clock. Clearing beach at San Pedro will be visited this time. Several boys have already signed up for the next trip to the mountain camp at Clear Creek on August 29th. Only 12 will be allowed as Lomita's quota and any boy wishing to go should sign up immediately. There is no expense involved, each boy merely taking enough food to last the three days. The truck will meet the boys Thursday morning, August 29th and 8:30 at the Lomita grounds and return there Saturday afternoon the 31st.

THEY'RE STRAIGHT SHOOTERS, THESE GALS!

More than 650 athletes will compete in the Union Pacific System athletic meet to be held September 2 and 3 at Boise, Idaho, it was anticipated yesterday with the announcement by A. A. Hendricks, president of the Union Pacific System Athletic League, that junior athletes from 12 to 18 years of age would be entered in the meet.

The new ruling permits the sons of Union Pacific employees to enter the system meet, the largest of its kind ever to be held in the world.

Local athletic directors are banking much hopes for a big number of points on the Women's Rifle team which is composed of six girls from the general offices of the Union Pacific in Los Angeles—none of whom ever had a rifle in their hands until a year ago when the team was organized. Virginia Sampelson, captain of the team has been consistently scoring every bullseye in practice during the past few weeks.

UP-TO-DATE FISHING NEWS

REDONDO BEACH, Aug. 22—Unusually large barracuda have returned to Redondo Beach waters after a two weeks' absence, and are now furnishing the bonita schools strong competition for anglers' favor, according to local fishermen.

Appearance of these big fighters this late in the season is an unexpected occurrence, reports Capt. W. E. Monstad of the barges "Emigh" and "Lahaina," as they were believed to have all fallen prey to purse-seiner's nets. The run should continue for several weeks, while bonita are expected to strike until late autumn. Yellow-tail cruise everywhere in the bay. They will provide the best sport seen here in years within the next two weeks, Capt. Monstad believes.

Catch Big Trout in Lake Tahoe

Here's a fish story that we'll be able to prove. Dr. and Mrs. N. R. McCoy of Ebelman avenue went fishing in Lake Tahoe and caught a 32-inch trout.

If you want ocular proof, stop by McCoy's in a few days and have a look. They're having the trout taxidermed—or whatever—and mounted.

Watermelon Feed Planned for Tonight

"To make the church the best place in town for a good time!" is the slogan adopted by the Epworth League of the First Methodist church, and the watermelon party which the above organization will give tonight at 7:00 will be held with that object in view.

The event will take place near the high school athletic field, and all young people, whether members of the league or not, are invited to come and have a good time.

Maintenance Boys Stage Rally to Win

Maintenance battled Production Tuesday night in the third game of the Inter-department league of the National Supply, on their diamond at the high school grounds, with the Maintenance boys on the heavy end of a 2 to 1 score at the finish.

Production lead 1-0 up to the fifth but were unable to hold the advantage. Ray Sleppy was mound master for the Maintenance team, while Les Fulson officiated for Production.

WATERMELON FEED

An Epworth League watermelon feed is being planned for next Thursday evening. The Leaguers and their friends will meet in the grove back of the high school to devour melons "picnantly" style and to have a general good time.

"Miss Mystery" Hurt, Appearance Here Postponed a Week

"Miss Mystery" whose identity will be disclosed at the American Legion Fiesta, August 28, 29, 30 and 31, was injured in an automobile accident in Los Angeles Saturday and was unable to entertain at the Legion Dance at Earl's Cafe last Saturday evening.

She was not seriously injured however, and will be able to appear Saturday evening at the Mandarin Ballroom at Redondo Beach, where her dances will be auctioned off, and awarded to the highest bidder.

Guessing the identity of "Miss Mystery" will pay a higher reward, announced W. C. Collins this week. Fifty dollars is the sum now offered to the lucky person who identifies her.

Special! Big Cut in one-way Fares East

In effect August 15 to September 15; Important Savings Made Possible

In addition to its regular summer roundtrip reductions to eastern points, Southern Pacific now announces a special, drastic reduction in one-way fares. These fares will be in effect 30 days—for use in coaches and reclining chair cars on fast transcontinental trains.

You can enjoy the speed, comfort and scenic attractions of Southern Pacific service—at lowest cost. It's the comfortable, sensible way to go when you want to save time and money.

Suppose you are going to Chicago. Regular one-way fare is \$79.84. Reduced fare is \$52.50. Saving on fare alone, \$27.34. Additional saving of Pullman berth cost, \$23.63. Total saving, \$50.97.

Here are a few samples of these new reduced one-way fares east:

Chicago, Ill.	\$52.50
Dallas, Tex.	40.00
Des Moines, Ia.	45.10
Kansas City, Mo.	40.00
New York City	85.00
St. Louis, Mo.	47.50

The First Refrigerator to be equipped with an ACCESSIBLE FREEZING REGULATOR was the General Electric

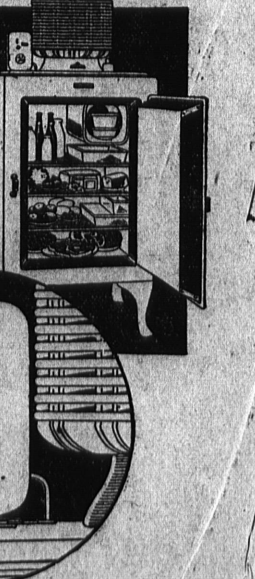

..... and every General Electric Refrigerator—from the first one sold—has had this added convenience

EVERY General Electric Refrigerator—from the very first one that was put on the market—has had a simple and accessible device to regulate freezing speed. For all general uses, however, including the making of ice cubes and frozen desserts, the usual temperature in the General Electric Refrigerator is perfect. However, there may be times when you wish to hasten the process—and for those times you have this freezing regulator.

This refrigerator is also the first—and the only one—to have an all-steel cabinet, warp-proof, strong as a safe. All its mechanism is hermetically sealed in a steel casing and mounted on top to allow greatest shelf area for food storage. It operates quietly, causes no radio interference and never needs oiling. It is particularly sanitary and easy to keep clean.

There are now 300,000 users of General Electric Refrigerators and not one has ever spent a single dollar for service or repairs.

Come in today and give us the privilege of telling you about our convenient time payment plan.
