

Upon Labor DEPENDS Community Growth

Whatever this community has accomplished in the past—whatever it hopes to accomplish in the future, depends upon the men who labor. The rancher, the day worker, the banker, the merchant, the professional man—each one contributes his share of labor toward helping to build the community.

Labor makes possible the building of schools, churches, good roads, better homes. Labor creates prosperity. Labor builds good will. Labor is the keynote of a successful and prosperous community. Laboring together we can make this community a community of which we all may be proud.

Our interest in the welfare of this community prompts us to sponsor this message to the people of Torrance and vicinity
