

These are the Oakland features which make driving a real delight

Foremost among the many convenience features offered by the Oakland All-American Six is the Cross-flow radiator. The Cross-flow radiator practically eliminates losses of water and alcohol through boiling. Only Oakland in the entire medium-priced field employs the Cross-flow radiator. Foot-controlled headlights represent another great convenience. Only Oakland and one other medium-priced car offer this feature. And it is such features as these, combined with Oakland's impressive performance, distinctive style and exceptionally long life, which make Oakland ownership an uninterrupted experience in motoring enjoyment.

Oakland All-American Six, \$145 to \$175, f. o. b. Torrance; Michigan, Buick, Chrysler, Spring covers and Lovejoy Hydraulic Shock absorbers included in list price. Bumpers and rear fender guards extra. General Motors Time Payment Plan available at minimum rate.

Consider the delivered price as well as the list (f. o. b.) price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only authorized charges for freight and delivery and the charge for any additional accessories or financing desired.

CHRISTMAS OPPORTUNITY NOW! See Page 5 for Full Details

CHECK BUICK'S CHASSIS - note its distinctive construction - then you'll know why more than 2,000,000 people have bought BUICKS

The world-famous Buick chassis and Buick's smart new Bodies by Fisher! An unrivaled combination! Providing the highest degree of motor car performance and all-round motoring satisfaction, over the greatest number of miles! The more thoroughly you compare Buick with other cars, the more clearly you will understand why more than 2,000,000 people have bought Buicks—why men and women are buying from two to five times as many Buicks as any other automobile priced above

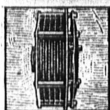

\$1200—and why they have purchased more Buicks during the few weeks this brilliant new car has been on the market than in any like period in Buick history. See the new Buicks and arrange to buy one. Six of the 14 luxurious body types, incorporating all the famous Buick superiorities, are available at prices ranging from \$1225 to \$1295, f. o. b. factory. All available on the extremely liberal General Motors Time Payment Plan.

Buick's 499-horsepower Valve-in-Head engine is the most powerful engine of its size in the world. It is famous, too, for unrivaled smoothness, economy and stamina. It incorporates such marked engineering advancements as counterweighted crankshaft with torsion balancer, carburetor heat control, positive pressure gas pump, and triple seals against wear.

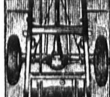

Buick's new frictionless steering gear imparts matchless steering ease throughout the entire turning range, while the new Buick Road Shock Eliminator absolutely prevents transmission of road jolts and jars to the driver's arms. Twin features which make a tremendous contribution to driving ease and roadability.

Buick's Controlled Servo Enclosed Mechanical Brakes provide the most perfect control ever devised for any automobile. They are smooth, sure, silent in operation, and achieve positive results with minimum pedal pressure. And because they are completely protected against dust, dirt and water—they insure maximum braking efficiency in any weather.

Buick's famous multiple-disc clutch, in addition to being far sturdier than those of conventional design, it imparts exceptional smoothness, due to its special facing which insures gentle, gradual engagement of the driving and driven surfaces.

New, longer rear springs, in conjunction with four new Lovejoy Duo-draulic Shock Absorbers, impart a superlative degree of riding comfort. These two vital comfort factors work together in perfect harmony to check both bounce and rebound over the roughest roads.

Buick's famous torque tube serves two vitally important functions. It not only carries the driving thrust, leaving the rear springs free to cushion the car's progress, but also forms a major unit of the Buick chassis seat. Every moving part of the Buick chassis—from fan to rear wheels—is fully protected against dust, dirt and water, assuring maximum operating efficiency in any weather.

*The engine in the 124- and 132-inch Buicks develops 99 horsepower, and that in the 118-inch Buicks 80½ horsepower.

WHEN BETTER AUTOMOBILES ARE BUILT . . . BUICK WILL BUILD THEM

Sweet Romance Portrayed in "Smiling Irish Eyes"

The most famous hair-cut on the screen—Colleen Moore's square-cornered bob—has given way to long hair for her appearance in "Smiling Irish Eyes," her current all-talking and singing First National-Vitaphone special. However, Colleen insists that she is not a traitor to the cause of the bobbed, but is wearing long hair because it is more suitable for the unsophisticated girl of rural Ireland she is portraying. Consequently, she will be seen with her hair dressed with short curls at the back.

caught up with a ribbon tied in a bow just over the bangs that provide one of her most individual characteristics. The story of "Smiling Irish Eyes" is essentially a romance and includes several episodes in which Miss Moore sings melodies written especially for the picture. John McCormick is producing this First National-Vitaphone feature, with William A. Seltzer directing. Coming to the Torrance theatre Sunday and Monday.

Headliners Await Theatre Patrons Next Week at Lomita

Another week of real treats awaits the theatre-goers to the Lomita theatre this coming few days. "Spies" the last word in thrill pictures will be shown tonight and tomorrow night. A routine comedy and M-G-M News completes the program. Saturday only is shown the "Pride of Pavnee" together with a good comedy, "Newlyweds Pest." Sunday and Monday William Haines appears in

"A Man's Man," which is the first close-up of Hollywood life to be shown. In addition there is a good comedy and the serial feature, "Pirates of Panama." Next Tuesday and Wednesday you can see that favorite star, William Boyd, in a mighty thrilling epic of fighting marines in the romantic orient, "The Leatherneck." Tuesday night is silver night.

At Fox Redondo

"Side Street" Radio Pictures all talking production brings to film fans their initial opportunity of seeing . . . and hearing the three Moore brothers, Tom, Owen and Matt. Showing here Sunday only. Dorothy Mackaill will be seen Monday and Tuesday in "Hard to Get." In the cast supporting Miss Mackaill are Louise Fazenda, Charles Delaney, Edmund Burns, Jack Oakie, Charissa Selwynne and other capable players. You will surely enjoy Lenore Ulric's talking picture debut "Frozen Justice" which will come to the Fox Redondo next Wednesday and Thursday. Miss Ulric appears in this production as a half caste Eskimo princess. See the dance halls of the Yukon. Every program has in addition good comedy and Fox Movietone News.

Sunday only brings Douglas MacLean in an all-talking laugh-getter "Divorce Made Easy," with Marie Prevost. You'll laugh until you cry at this mirth provoking comedy. Is a wow! A comedy and Metrophone News will also be shown.

Monday and Tuesday an unusual attractive double bill will be shown. "Pleasure Crazy," an all-talking Fox Movietone production starring Dorothy Burgess, and "Black Magic" with Josephine Dunn are the two pictures. They are both excellent productions and spell real entertainment. Fox Movietone News will also be shown.

Wednesday and Thursday ushers in the picture that made movie history, "The Broadway Melody," an all talking, singing, dancing production from Metro-Goldwyn-Mayer with Bessie Love, Anita Page and Charles King. You'll hear those popular song hits, "Wedding of the Painted Doll," "You Were Meant for Me," and "Broadway Melody"—you'll see some gorgeous technical scenes—you'll thrill at the romantic love scenes. "Broadway Melody" is one of the greatest pictures ever produced. See it!

Friday and Saturday the Fox Granada theatre in Wilmington is playing "Thunder" starring Lon Chaney with Phyllis Haver and James Murray. It is a synchronised super-special from Metro-Goldwyn-Mayer and Lon Chaney is superb. "Thunder" is a story of the railroad—the men who man our mighty locomotives. It is real! Amazing! Startling! On the same program is a comedy and Fox Movietone News.

Merchants to Meet First Third Tues.

The Retail Merchants Division of the Torrance Chamber of Commerce held its regular semi-monthly dinner meeting at Earl's Cafe Monday evening. The meeting was given over almost entirely to discussions of street decorations for the Christmas holiday shopping period. It was decided to hold the display window decorations the first and third Tuesday of every month at 8:15 p. m., regardless of what other gatherings may be held at those evenings. Members pointed out that the only way to encourage attendance was to have regular meetings days, so the first and third Tuesdays were selected. This will bring the next meeting on Tuesday, November 5th. The regular Chamber of Commerce forum luncheons are held on the second and fourth Tuesdays at 12:15 o'clock, to which the general public is invited. There was an informal discussion of civic matters at this week's Tuesday forum luncheon, which was presided over by Harry H. Dolley, president of the Torrance Chamber of Commerce. Terry Brown, boxing matchmaker, presented plans for a proposed athletic association for Torrance with the object of presenting boxing matches here. He was accompanied by W. C. Collins, a local promoter.

NEWS AND NONSENSE IN THE P. E. SHOPS

Edited by Carleton B. Bell

Harry R. Clark went to San Jose last Sunday on business for the company, connected with the Peninsula railway there. Mr. Clark was expected back today.

him and developed a swelling. The doctor cut it up a bit and told him it needed some more cutting but Lee talked him out of it, at least until after the afternoon dance.

More work just showed up in the form of five more of the express and baggage cars which this company purchased from the Southern Pacific. These cars, like the twenty others received from the North during the last year, were in use on the Portland, Eugene and Astoria and the Oregon Electric lines. This is just another indication that we are living in "The White Spot" of the whole country. These cars had seen very little service for just a few years but on the P. E. they are placed in strenuous service just as soon as the shops can get them fixed up to comply with P. E. standards.

The chief news from the blacksmith shop is that everybody has been going lobster fishing but no lobsters caught to date. Dan Leonard was a bit late to join the other fishermen as he wanted to go home first to let his wife know where he was going. That is right, Dan, explanations before hand are much better than afterwards, especially if you have the misfortune to get your pants wet and torn like Tom Atkins did.

While speaking of new cars it is appropriate to mention the official business car No. 1399 turned out a few weeks ago and which was rebuilt from one of the cars purchased from the Southern Pacific. This car was completely refinished and furnished like a business office rather than like a car. It's 4 motors are of 110 horse power each and all control and other features of this car are on a like scale. On test this car easily attained a speed of 75 miles per hour and Mr. Pontius reported as being very much pleased with the car and its performance. This car is a credit to the men who designed its new and exclusive features and to the men in the shop who carried these plans out to a pleasing conclusion.

Howard Clark was very pleasantly and completely surprised last Thursday night at his home by friends coming in to help him celebrate his 23rd birthday. Howard said they did not bring the cats with them but that there were lots of them when the time came to eat and he is still wondering where his mother had taken them away. He declares that if he had any idea such an event was to occur he would have found the cats long before but Howard is a very unsuspecting youth and nothing of the sort entered his mind, which pleased everybody.

Everybody is glad to see Jas. W. "Beek" Beckwith again on the job. Mr. Beckwith has been off for several months on account of illness and it no doubt feels good to him to be back on the job and among his fellow workmen again.

Another lonesome look wiped off and a satisfied, well fed look in its place. O. A. Leatherman has been bawling it off for the last two months while his wife visited in the East, in Toledo, Cincinnati and Chicago. Mrs. Leatherman returned Sunday, hence the satisfied look in place of the lonesome, hungry look on Mr. Leatherman's face on Monday morning.

Alma Merrill, son Dale, and Robt. Hunt, together with their friends, enjoyed a trip to the Juana and Agua Caliente last Sunday. Naturally they reported a good time but rather hot. The only excitement experienced on the trip was on the way back when a good natured speed trap caught up with them and suggested to Dale that he "hold her down to around forty."

Just discovered a very peculiar superstition of Bill Doad's. He tries to get a pay-check for fourteen days. When such a pay is impending, which is not often, he takes a day off and cuts it down to thirteen. Funny, isn't it?

Fred Fox is a new one on the sick list, having been off several days. Frank Mayfield has also been off on account of sickness in his family. Robt. E. McBride finished up his vacation sick in bed and is still off. Theodore Inara and Samuel Perman are still among the missing and not at all certain when the doctor will give them releases.

William Richards has made another change on the better. After serving quite a long time on the motor coach repair crew, he has recently put out the bearing axle and seems to like the new job fine. It is great to be able to fit in no matter what comes your way.

Pedro Fernandez is off on vacation and is making it profitable by doing some carpenter work for his mother on her house. It would be hard to find a more commendable way to spend a vacation.

Lee Dignall had the misfortune to hit his foot with his sledge hammer some five or six weeks ago. He thought nothing of it until the other day it began to pain

Narbonne "B" Defeats Poly "A" at Long Beach

Narbonne's "B" team easily defeated the Long Beach Poly "A" team in a practice scrimmage at Long Beach Monday by a score of 35-6. The Long Beach touchdown came as the result of a fluke when the Narbonne subs fumbled the ball twice and a poor punt went over the Narbonne goal line. The entire Narbonne squad saw action at some time or other although at no time did the regular Narbonne first string play. Harry Morgison saw action for one quarter and scored two touchdowns, while Roy Dawson made the other two and converted all four. Dallage, Gerhart, Carpenter, Shepard, McEwen, Campbell, Stamps, Hirata, Jeter, Robt. Handies, Johnson, West, Wolverton, Clayton, Gordon Brumpton, McClellan and several others all looked good for Narbonne. Long Beach plays again at Narbonne next Tuesday.

Royal Neighbors Pass Inspection

The Royal Neighbors passed inspection with flying colors last Thursday night.

Interesting talks were given by the following distinguished visitors: Mrs. Emma Sheer, inspector of Santa Monica; Mrs. Edna Johnson, federation president; Mrs. Julia of Inglewood; Mrs. Keith, president of Hawthorne; Mrs. W. W. and Mrs. Emma Cushman and staff of the Redondo Beach corps.

Easy! Quick! Glycerin Mix for Constipation

Simple glycerin, buckthorn bark, saline, etc., as mixed in Ad-ler-ka, relieves constipation in "TWO" hours! Most medicines act on only lower bowel, but Ad-ler-ka acts on BOTH upper and lower bowel, removing poisons you never thought were in your system. Just ONE spoonful relieves GAS, sour stomach and sick headache. Let Ad-ler-ka give stomach and bowels a REAL cleaning and see how good you feel! Dohley Drug Co.—adv.

"STEPS TO GLORY"

"Steps to Glory" will be the subject of Rev. Harold E. Ingraham's morning discourse next Sunday in the evening Rev. Ingraham will discuss "A Unique Journey."
