

Diablo Dam, Highest in the World

A view of the Diablo dam in northwestern Washington which when completed will be 280 feet high and 1,200 feet long. The dam, which will be the highest in the world, will develop 230,000 horse power by backing up 30,000 feet of water for a distance of seven miles.

KEYSTONE NOTES

With a small Christmas tree adorning the center of the luncheon table and small Christmas favors used to accentuate the occasion, Mrs. Barbara Berry entertained the members of the Crochet club on Thursday at her home on Dolores street. Following the delicious luncheon served by the hostess, the afternoon hours passed pleasantly in needlework and sociability. Present were Mrs. Z. W. Jennings, Mrs. S. S. Tannehill, Mrs. Harry C. Eoquet, Mrs. George Nahmens, Mrs. Pernia Piper, all of Keystone; Mrs. H. T. Hoxworth and Mrs. Louis Bordeaux of Long Beach.

Mrs. Thomas A. Cowan and Mrs. William Looser and baby son of Amelia Street motored on Thursday to La Crescenta where they were the guests of Mrs. H. B. Nidever and family, formerly of Keystone.

The directors of the Keystone Chamber of Commerce will meet at Boosters' Hall on Main street on Wednesday evening for their regular monthly meeting.

The executive board of the Woman's club of Keystone met on Wednesday to vote in several members and make plans for regular open meeting on Wednesday of this week which will be held at two o'clock at Boosters' Hall.

Fifteen from Keystone attended the lovely vesper service at the First Baptist church at 4th and Locust avenue, Long Beach, on Sunday evening. This service which is an annual event is held by the World Wide Guild, an organization of young people of the Baptist churches throughout the world. A beautiful program was presented from the service and the Guild members of the Keystone Baptist church represented the various nations. Those who attended from here were Mrs. George Koehler, Mrs. George Nahmens, Mrs. George Tomlin, Mrs. T. C. Cunningham, Alice Wise, Lorene Cunningham, Moxelle Cowan, Audrey and Blossom Roberts, Yorna Bredahl, Lillian Stophel, Ruth Nahmens, Adelle Tomlin, Catherine and Ina Cunningham.

Rehearsals are going forward for the First Communion Christmas tree to be given by the various organizations in Keystone and the Keystone Baptist church on the night of Dec. 23 at Boosters' Hall on Main street for everyone in the community. A cantata entitled "The Crowning of Christmas" will be given by the older children and many of the leading citizens of Keystone and the primary children will give a short play entitled "The Doll's Christmas Eve." A huge Christmas tree will be decorated and every child will receive something from this tree. Santa Claus will be present in person and a running track time is promised by the committees in charge.

OBITUARY
William Joseph Evans was called to be with his Lord Sunday morning, Dec. 8, 1929, at the age of 68 years. Mr. Evans was born in Waverly, Iowa, September 1861. He married Flora Rohrer, May 29, 1889. To this union were born three children, Fred Evans of Wilmar, California; Mabel Pierce of Los Angeles and Mary Jentzen of Glendale, all recently of Keystone. Mr. Evans has lived in Keystone during the last ten years, only moving to Wilmar last September. He was a charter member of the Keystone Baptist church and Deacon Emeritus at the time of his death. During the past year Mr. Evans' health failed rapidly and death was caused by a weakened heart following paralysis. Those left to mourn his passing beside his wife and three children are four grandchildren, two sisters, a brother, and a host of sincere friends.

"Gold Diggers" Draws Capacity on Opening Night

Hundreds of Torrance theatre-goers attended the opening night showing of Warner Bros' colorful and tuneful production "Gold Diggers of Broadway" which opened at the Torrance theatre Monday night for a five-day run.

This Vitaphone production is the most elaborate of the film revues. It has been photographed in the natural color and the fast-moving scenes present a swirl of life and beauty which has not been equalled. Snappy dance acts, tuneful tunes crooned by the Prince of Crooners, Crooning Nick Lucas, and a lively plot make the "Gold Diggers of Broadway" a show that lingers in every memory. It will be shown at the Torrance theatre every night this week except Saturday.

European Flavor THE SHORE

HOUSE H-108
By DUNCANHUNTER Architect, New York
America, which should have been the birth place of the modern style lags far behind Europe in awakening to the possibilities it offers. The steel skeleton skyscraper is an American invention as is also the airplane, the machine gun and numerous other devices. Europe has a rich heritage in historic styles, America has not, therefore it would seem that America offers the suitable background for the development of a new architectural style on the other continent we find buildings of glass and metal where we still use wood, the gain the benefits of sunshine and outdoor living we coop ourselves in dingy interiors behind "antique" glass. We fuss around the gewgaws and gingerbread, sit in uncomfortable "period" chairs and try to tune ourselves in with a Medieval atmosphere, when what we really want is "Liberty" freedom from archaic restraint, rules and regulations and the opportunity to do as we please. This means simple, modern surroundings with large comfortable chairs, windows of size to let in the sunshine and to admit of expansive views, good simple decorations and furnishings—all in all—an appropriate and distinctive place to live in.
The Shore is such a house and provides for outdoor living. The porch roof is glass and metal. It lists thus:
Cellar (under living room, kitchen and bed room), laundry, heat and general space, cold room.
First floor: Living room, kitchen, three bed rooms, a large glass and metal roofed porch and a one car motor room.
Deck: The entire top of the house serves a roof garden deck. Ceiling heights: Cellar, seven feet; first floor, eight feet six inches.
Exposure: The plans as shown are for a lot facing south or west. For a lot facing north or east the plans should be reversed.
Construction: Hollow tile with stucco finish. Decks: canvas, porch roof glass and metal. Foundation, concrete. Windows, metal casements with integral screens. Doors: wood, to special details.
Interiors: Floors, linoleum, walls and ceilings, plaster; kitchen, composition tile; bath room, composition tile; steam heat, gas and electric wiring.
Culture: 27,984 cubic feet. Complete working plans and specifications of this house are available for a nominal sum. Address the building editor and refer to House H-108.

PAINFUL CORNS

Loosen—Lift Out
A little known Japanese herb, the discovery of an eminent German scientist (Dr. Stuckel) instantly soothes the corn, callous or wart, then loosens it so that shortly you can lift it right out. This new discovery called "Corn Fly" excites the white blood corpuscles to action and granulates the corn at its root so that it drops out and leaves no trace of scar or soreness.
You will also find "Corn Fly Foot Bath Powder" a boon for sore, tired or chafing feet.
"Corn Fly" for corns, 35c. "Corn Fly Foot Bath Powder" 25c. and "Corn Fly Bunion Remedy" 50c. (all three—\$1.10 value—for \$1.00). are sold under a positive money-back guarantee by Hi-Gene Co., Newark, N. J., or local druggist.
