Fancy Print  
Cloths

Here are gay, dainty, floral effects and all over patterns, rich in color and cheaply printed on the sturdiest of cotton fabrics. They are wonderfully practical, surprisingly inexpensive and are fast colors.

Gingham  
32 in. wide

The beauty of these ginghams is in their colorings. The quality and soft finish would lead one to believe them to be much more expensive than the price we are now asking for them.
