John Dennis

"Justice for All,—   Prejudice Toward None!"

WE endorse John Dennis for the office of Justice of Peace in Lomita Township because of the following outstanding qualifications:—

HONESTY: During his 15 years as a public official, John Dennis has never been accused of a dishonest or questionable act or word. Even his political enemies respect his integrity and honesty of purpose.

FAIRNESS: He is eminently Fair and Square To All, yet has a heart that is human enough to temper Justice with Mercy when conditions warrant mitigation.

FEARLESSNESS: He has the courage to oppose corruption without fear or favor. He will do what he believes is right without regard for his political future.

EXPERIENCE: His long service (15 years) in public office has brought him in contact with the problems of all classes of people, and will enable him to administer justice to the people of Lomita township with thorough understanding.
