**CHRISTIAN SCIENCE**  
 "Substance" will be the subject of the Lecture-Sermon Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass. One of the Scripture citations, referring to Christ Jesus, says: "Afterward he appeared unto the eleven as they sat at meat, and upbraided them with their unbelief and hardness of heart, because they believed not them which had seen him after he was risen. And he said unto them, Go ye into all the world, and preach the gospel to every creature." And these signs shall follow them that believe: In my name shall they cast out devils; they shall take up serpents; and if they drink any deadly thing, it shall not hurt them; they shall lay hands on the sick, and they shall recover."

A passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy, presents these statements: "When the substance of Spirit appears in Christian Science, the nothingness of matter is recognized. Where the spirit of God is, and there is no place where God is not, still becomes nothing—the opposite of the something of Spirit."

**FISHERMAN CLUB NOTES**  
 By RICHARD SINCLAIR

We had a busy meeting this week. Our teacher, V. V. Morgan, from Long Beach, conducted our Bible study by teaching us from the twenty-third chapter of the Book of Acts. He will be away in New Mexico for a few weeks. We'll have to try hard to get a substitute as good as he is.

Jack Wood, Lewis Coates, and Dawson Trotman, from nearby clubs, had a few words to say at the meeting.

By the way, the officers of our club are: President, G. Gilliam; vice-president, Ted Beebe; secretary, Richard Sinclair, and treasurer, House Morgan. Come around this Monday at 8:30 at the Guild hall, corner of Martina and Arlington avenues.

**DR. CHAMBERS MOVES**

**Compton Folk Buy New Hose at Sam Levy's**  
 Torrance Herald Attracts Trade from Compton, and Repeats Purchases

"You never can tell who is going to read your advertisement when you put it in the Torrance Herald," said Sam Levy this week, and explained that a customer came to his store two weeks ago from Compton and bought two pairs of the new self-supporting Hologee hose that he is featuring for men. The next week the same customer returned for two more pairs, mentioning that the advertisement in the Torrance Herald had brought her to Torrance.

These new Autogait hose are a revolutionary improvement in men's attire. An elastic band is woven into the top of each hose so the stays up without buttons. The elastic is guaranteed to last through any number of washings for the life of the sock. Sam Levy has the exclusive sale of these handy new type Hologee hose for men and was one of the first dealers in Southern California to stock them. He has an attractive array of the novel Hologee hose and reports them to be very popular with every man who has tried them.

**What's Taught at the Evening School**  
 Citizenship

Mrs. John Young, who will have charge of the citizenship classes at the Torrance Evening High school, announces that anyone who is interested may register for the classes up to next Wednesday night. On that night the history class will have its first session and all who desire to take the citizenship work are urged to attend that class.

**Auto Shop Work**  
 All of the evening classes are conducted in the Torrance High school building. Every Tuesday and Thursday evening classes in auto shop are held. The students are taught how to repair and care for their cars by actually doing the work in the shop. Both the theory and practice of motor assembling and repair are taught by Mr. Shearer, who is fully qualified to assist students with any problem of automobile work.

**Wood Shop Course**  
 The wood shop course offers an opportunity for students to learn how to use woodworking tools and machinery in the building of practical and artistic pieces of furniture. The shop is spacious, well-lighted and well-equipped and is a pleasant and profitable place to spend two or three evenings a week. Instruction is given in designing and working out projects to meet the individual needs. Facilities are provided for finishing furniture projects well so that good materials may be used.

**English Classes**  
 The English classes on Monday and Wednesday nights will offer business English, correct English, literature, public speaking and English composition. Anyone interested is urged to register now that classes may be organized to meet the demand. The instructor is Mrs. Stella M. Young.

**Crafts Are Taught**  
 The Crafts classes opened last week with a good registration.
