CHRISTIAN SCIENCE

"God the Only Cause and Creator" is the subject of the Lesson-Sermon Sunday in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The following words of Isaiah constitute one of the Scripture selections in the Lesson-Sermon: "Hast thou not known? hast thou not heard, that the everlasting God, the Lord, the Creator of the ends of the earth, fainteth not, neither is weary? there is no searching of his understanding. He giveth power to the faint; and to them that have no might he increases strength. Even the youths shall faint and be weary, and the young men shall utterly fall; but they that wait upon the Lord shall renew their strength; they shall mount up with wings as eagles; they shall run, and not be weary; and they shall walk, and not faint."

CHRIST EPISCOPAL

How Christmas Card Idea Was Originated

The Christmas card originated in England in 1843 as a successor to the "Christmas piece," a roll of ornamental paper note paper bearing greetings from engravers' apprentices to their friends. One Thomas Sharrock is credited with originating the first Christmas card, but the first one of which a copy exists was by Sir Henry Cole and 1,000 impressions of it were lithographed and hand-colored for sale in London. It was not until 1861, however, that the card was revived and reprinted in color process for general use, and from that time the popularity of the card rose rapidly. Kate Greenaway was but one of the celebrated artists who received good prices for original paintings for cards. Cards were fringed and frosted and padded and scented (those made of silk), and their subjects were generally children, kittens, puppies, sprays of flowers and scenes. Then, as later, the religious card was not so generally procurable. America originated the more generous use of holly and mistletoe on cards, and added the poinsettia because of its sensuousness and color, in the 1890's.
