be forgotten, but must be kept in the car.

The certificates are now being mailed out at the rate of from 10,000 to 15,000 daily, it was stated, as part of the work of renewing the licenses for some 2,000,000 cars. The law requires that the certificate of registration be displayed in the driver's compartment of the car. The Division favors the practice of straping the certificate around the steering post in a suitable container that will keep it free from dirt. It must be kept in a position, however, that will enable anyone to read it when the window is closed.

In his report of an intersection accident at Arlington and Marceline avenues Tuesday night, David T, Davies, 899 Sartori avenue, stated that J. Price, 2926 Pepper street, Lomita, was driving west on Marcelina avenue without his lights on. Davies was going north on Arlington when the two machines coilided. No one was injured and the cars were only slightly damaged, according to the police.

KEYSTONE NOTES

A lively discussion was held at president, presented two pictures to the school; one was presented ay night on the practicability of sities near here adopting slogans arging those who are employed in the limits of their city, to reside in that community. Brazee, president of the Chamber, asiled on Robert Huil to give an explanation why the defrick on the Watson property on Wilmington treet was removed recently after that been drilled to 6400 feet in lepth and was reported to have and gave a short talk on dramatics, and gave a short talk on dramatics. explanation why the derrick on the Watson property on Wilmington street was removed receptly after it and been drilled to \$60 feet in depth and was reported to have found good oil sand. Hill, who is obtaining leases for the Wilmington Consolidated Oil Company, who have Just erected a derrick on the Stone lease near the corner of Wilmington and Main streets, said that the reason the well was never brought in was on account of the litigation against the lease. The derrick has been refnoved and the equipment is being hattled away.

A letter from the Los Angeles Board of Education was read in answer to a letter asking for transportation for students here who attended the Torrance, high school. Of the 15 pupils here, the investigator found that eight were attending Torrance through choice, although they were in the Phineas Banning high school district of Wilmington; five were not entitled to transportation as they were within the two and one-half mile limit of the Torrance school, and three were found to be in the Torrance alstrict but, outside the zone limit. Transportation would be furnished these three, Withdrawal of the sponsorship of a Boy Scout troop here was announced as part of the business transacted at a directors' meeting. The Chamber sponsored a troop which was organized two years ago, but interest has become segued to be through a sponsor of the birthday to dishand the troop.
