Wynns Service Protects Batteries

The Wynns Tire & Rubber Company, Firestone distributors, has taken advantage of the protective services inaugurated by the California Consolidated Water Company, distributors of Puritas distilled water, to insure motorists that only impurity-free distilled water is used in batteries at the Wynns battery department. In the above picture, Miss Peggy Standley watches the filling of her Firestone battery at Wynns with Puritas.

Renew Demand On P. E. to Improve Or Give Up Land

The P. E.'s memory was ordered "jogged again" Tuesday night in regard to the city's demand that the railway company either construct the remaining track along its right-of-way on the newly-named Torrance boulevard (formerly Redondo boulevard) or relinquish the land.

If there is no response from the P. E. by the next council meeting, the city may declare the reversionary clause in the deed for the right-of-way in effect and will probably landscape and improve the strip running down the center of the boulevard. The railway company was given 30 days to either exercise the right-of-way or comply with the terms of the deed and give the land back to the city.

Rotary Speaker Urges Tax Halt In Expenditures

Retrenchment in the expenditure of state and local units of government was advocated in a speech made by Gil A. Cowan, director of information of the California Taxation Improvement Association at the Torrance Taxation club last week. The speaker is club secretary of the North Hollywood Press, served as legislative observer and realtor counselor in 1923 and 1927, and has wide experience in the field of politico-economics. During the last four years he has been engaged in study of the economic and legal aspects of taxation in this state.

"We are working one day out of every week for the government," Cowan said in analyzing the burden borne by the average citizen. "Taxes have reached that point where they must call a halt to the furtherance of exempt securities, enforce rigid economies, reduce taxes and give private enterprise — and by that I mean the individual — an opportunity to replenish our depleted treasury which has been deflated by many billions of dollars."

In discussing his association's analysis of more than 200 tax measures pending in the present legislature, Cowan vigorously opposed the proposal of a state personal income tax. His analysis shows that contingent legislation, such as that shifting the school burden from local districts to the state and the equalization of school funds, would bring about a condition wherein the public would not only pay as much on property as at present, but have the added burden of the income tax.

Notes: Poor Bargain "Taking money out of one pocket, putting it into another, and taking it out again, only paying \$15,000 for the privilege, not to count the cost of inconvenience, administration and economic detriment, would be a poor bargain and a worse advertisement of California's intelligence."

The California Taxation Improvement Association, Cowan related, was organized in 1921 with County Assessor Ed W. Hopkins as its first president, Samuel K. Rindge is the incumbent president and Marvin L. Arnold, secretary, is maintaining legislative headquarters at Sacramento. A state-wide directorate, which serves without pay, a purely voluntary contributing membership, a remarkable record of achievements in tax reform, the confidence and respect of local and state legislative and fiscal authorities, the cooperation of Rotary clubs and civic groups and hearty support by newspapers are attributes marking the first decade of this organization's life, the speaker declared.

15,600 FOREIGNERS HEAD FOR CALIFORNIA
By the United Press
SACRAMENTO. — Of nearly a quarter million foreigners admitted to the gates of the United States last year, 15,600 were bound for California.

This was disclosed in a report by Will J. French, director of industrial relations, to Governor Rolph this week. California ranked sixth in this respect, French said.
