ing open meeting.

Mrs. Esther Hudson, chairman
of a committee in charge of ar-
rangements, presented a diversi-
fied program Friday night at Car-
son Street school as a benefit for
the Carson Street Parent Teachers
unit.

The program was marked with a
"large attendance."

The program numbers included
"America" sung by the audience;
piano duet by Mrs. Frank B.
Smith, music chairman of Gardenia
Wilmington council; Parent Teach-
ers, and Miss Mildred Heisterman,
both of Gardena; three vocal se-
lections sung by the Mother's
Chorus of the Gardenia-Wilmington
council; "Salutation," "At Twi-
light" and "Hi, Li Feller"; "Scare-

Miss Audrey Welch.

Concluding the program quite
fittingly was the amateur one-act
play entitled "Domestic Difficul-
ties" given by a cast from the
Woman's club and directed by Mrs.
J. H. Crumrine. The characters
were Mrs. George H. Koehler, Mrs.
Thomas A. Cowan and Mrs.
George Nahmens.

The seventh birthday anniver-
sary of Barbara Jean Jennings was
fittingly celebrated last week with
a party given by her mother, Mrs.
J. H. Jennings. Pink and white
was the color scheme used
throughout the house, and in the
table decorations where the re-
freshments were served later in
the afternoon. Mrs. Charles H.
catered the party. Games were
played for the guests. Games were
played with prizes going to Jean
Pierce and Lucille Looser. A number
of lovely gifts were received by the
honoree. Present were Catherine
and Lucille Looser, Jean Pierce,
Frances Sheehan, Lorry and Dor-
othy Leovers and Isabel Russell.

The executive board of the Wom-
an's club was entertained Wednes-
day afternoon at the home of the
president, Mrs. Charles LeBoeuf,
which time plans were formulated
for the installation meeting of the
club to be held June 14. Refresh-
ments and a social hour followed
under the perogata of the LeBoeuf
home. Present were Mrs. George
Nahmens, Mrs. Charles H. Pier-
ce, Mrs. J. S. Shopp, Mrs. Rob-

Satin smoothness
certified
by Torsiographic tests

Studebaker's Dictator Eight engine gets almost perfect score for "rounded" performance. Nothing in its price class equals The Dictator's even power flow

"EYESIGHT evidence" of remarkable smoothness now verifies the enthusiastic claims of thousands of Dictator Eight owners. The unerring stylus of the Torsiograph reveals an absence of vibration in The Dictator's 81-horsepower engine which is unique in a car of The Dictator's low price.

Here indeed is "rounded" performance! Rounded not only figuratively, as shown by the Torsiographic record, but rounded as well in every function that makes motoring a pleasure and an economy.

There is no mystery in the source of The Dictator's smoothness. A sturdy, nine-bearing crankshaft, balanced not only statically but dynamically, is at the heart of it. What little vibration may survive, is further minimized by a crankshaft vibration damper of remarkable efficiency.

That is but the beginning. Combustion, or

firing, is made steady and even by the use of a dual carburetor and gas passage, which assures equal fuel being fed to each cylinder, without "starving" the extreme end cylinders.

Full-power exhaust muffling, which conserves horsepower, and carburetor silencing—both introduced by Studebaker—combine to give The Dictator engine quiet to match its smoothness.

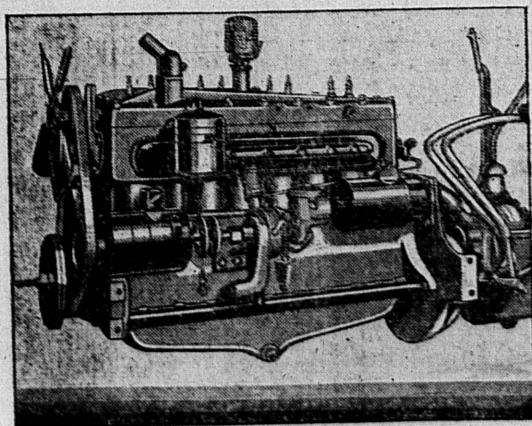

Finally, Free Wheeling brings to The Dictator its restful travel-ease. Clutch-pushing is almost forgotten. Gears shift noiselessly at any speed. Momentum is put to work, carrying you 10,000 miles for 8,000 miles of engine effort. Gasoline and oil consumption is cut 15% to 20%. Safety is enhanced. Enjoyment is multiplied.

Today—come drive The Dictator, the Eight with "rounded" performance. Enjoy luxury without luxury's usual tariff. Take the wheel of The Dictator and convince yourself.

"Rounded" Performance

The Torsiograph, one of the most nearly infallible of automotive laboratory instruments, records accurately the vibration of any rotating shaft. The closer the record chart approaches a true circle, the more nearly perfect the balance of the crankshaft. Above are shown the Torsiographic records of The Dictator Eight nine (9) bearing crankshaft and those of two other eights of doubtful The Dictator's price. Notice the smooth roundness of The Dictator graph contrasted with the irregularity, or "humpiness" of the other two.
