Car Owners Bought More Firestone Tires

During April, May and June than in any like period in History

THERE are reasons for this—Firestone is now building the Greatest Tire Values in history, with the result that Firestone factories are operating 24 hours a day, 6 days a week, to meet public preference.

This is the year everybody is scrutinizing his purchases. This is particularly true in tire buying because of the many confusing and misleading statements made about tires.

To give car owners the facts, Firestone published comparisons showing quality, construction and prices. Then the public came in—made their own comparisons with cross-sections cut from Firestone tires—and from special brand mail order tires and others.

When they saw the facts, they bought more Firestone tires during April, May and June than in any like period in Firestone history.

Drive in today and let us show you these Firestone Extra Values and have your car equipped for Safe, Trouble-Free Summer Motoring. We can save you money and serve you better.

Cool off

With HOT WATER

It's a fact. A quick, moderately hot bath will cool and refresh you as nothing else can. (A cold bath takes energy, brings blood to the surface, makes you feel warmer.)

First thing in the morning, step into a hot tub or shower . . . then a brisk rub and you are ready for the day with confidence and energy. At six o'clock give yourself this treat again. The heat and weariness of the day will melt away, and leave you rested and eager for the evening's engagement.

You'll want hot water ever-ready at the turn of a faucet . . . the convenience that a New Automatic Natural Gas Water Heater gives.

Buy one now. For a limited time we offer you a specially attractive proposition on a Ruud Autohot or Welsbach Hotzone Automatic Storage Gas Water Heater, and a liberal allowance on your old water heater. Ask us about it today.
