"With the flush oil fields of Oklahoma and East Texas entirely shut in by martial law, and with California production at the lowest level since 1922, it is indeed farcical that our domestic markets should be flooded with duty-free importations of oil," declared Elli-ott, who guotes American Petrol-eum Institute figures to show that oil imports have more than doubled since martial law has been de-clared in Texas and Oklahoma fields.

There marthal law has been detained in revenue faited.

Importations can remedy such a demoralising condition." Eiliott said. Attack Sharkey Bill Simultancously with the a nit of transmission of the restriction of ol imprtations, the Independent Petroleum Association also and not need to be the sources of his modern office, is well equipped to treat teeth disorders as compatible with full facts regarding Senate Bill 362, known as the Sharkey bill was passed by the last California state legistiature, but since that 'time has been held up by a referendum petition signed by nearly 100,000 people, who are strongly opposed to the Sharkey bill is dimered at the sharkey bill as a result of this referendum petition, the next generate a legition. The Independent Petroleum Association's objections to this hill are supply and demand by state control-of production, but makes no provision for price regulation at to welcome the new mem-trically opposed to public interest, in that it seeks to repeat the hub lis do price fring by the subjecting the puble with a subjecting the puble with a subjecting the puble with a state legistion. The Barkey bill is dimerstion the stakes or provision for price regulation at the welcome the new mem-trically opposed to public interest, in that it sets up a price fixing by triviate corrorations. It is privately proposed and not in response to public deprice fixing by mixed examples.
