Accident Injuries Prove Fatal For Keystone Matron

Mrs. Frances A. Symonds, 54, passed away November 21 at her home, 22121 South Main street, a victim of injuries she received when struck by an automobile while crossing the street in front of her residence several weeks ago. The accelent was held unavoidable by a coroner's Jury which heard the inquest at Stone and Myers' Tuesday. The driver of the machine testified that he swerved to a bundle lying in the roadway. The object proved to be Mrs. Symonds who was stopping over to pick up a hat, dropped by the child who was crossing the street with her. Mrs. Symonds rose up, and, according to the driver of the

6 of the 8 largest ELECTRICAL MANUFACTURING COMPANIES

operating in California are depositors

Bank of America

SCARCELY a generation ago, the only electric iron in the world lay upon a work bench in a small California city. The immediate popularity of this inven-tion led not only to the development of many other electrical appliances, but also

to the rise of a great California industry. Electrical manufacturing concerns in this state make practically every type of equipment. Their yearly production totals 47 million dollars; their payroll, 4 millions.

Through cooperation of Bank of America branches, collections for shipments are made without delay. These funds are transferred y desired point.

without delay. These funds are transferred promptly to or from any desired point.

Thus, outstanding funds are reduced; earning power of working capital is substantially increased.

Bank of America also furnishes dependable business reports, which enable manufacturers to improve their service to distributers.

The advantages of this flexible, statewide service, and the security of the ample, diversified resources of Bank of America, are available to you at a nearby branch.
