**At PENNEY'S TOYS OF ALL KINDS Well-Made! Inexpensive!**

**ELEMENTARY School Notes**

The Board of Education has voted to have the garden paths of the Elementary school, edged and graveled. The cost is estimated at the sum of \$115 and this work will be performed at as early a date as is consistent with the demands for work at the various schools. The teachers and pupils take pride in the appearance of the school grounds and the beauty of its garden spots.

The Olympic Games to be held in Los Angeles in 1932 are being reflected in many social studies units in the sixth grades. Teachers of these subjects are endeavoring to establish the literary background of the Olympic Games, by giving our modern children some idea of the fine old stories which were taught the athletes of classic Greece in their youth.

A pottery project has been started in the upper grades. The study reverts to prehistoric times, to a comparison of the rude, primitive pottery of the cave people, the Egyptians, the Chinese, and the Greeks with the pottery of today. The Lenox Pottery of New Jersey have sent an interesting set of patterns to assist in the project. Also, a film pertaining to pottery will be presented in the school auditorium, January 21, 1932.

**May Apply For '32 Car Plates Now Thru Mail**

**Licenses Will Be Mailed To Applicants After Christmas**

Application for 1932 license plates are acceptable by the Department of Motor Vehicles at Sacramento now if sent by mail. This announcement was made this week by Russell Bevans, Registrar of the Department, who said his staff of workers was completing final plans for the renewal of more than 2,000,000 licenses during the next six weeks.

Although counter deliveries will not open at Sacramento or any of the branch offices of the department until December 15, the motorist may save himself a special trip for plates by enclosing his fee and certificate of registration in an envelope and mailing them to Sacramento.

Points to Remember

The applications thus received will be tabulated and plates prepared for mailing. Motorists will receive them shortly after Christmas as the department has an agreement with the postal authorities to withhold plates from the mails until after the holiday in order to avoid congestion.

Bevans urges car owners of the state to avail themselves of this very simple method of obtaining plates by forwarding their applications at once.

Here are some of the points the motor vehicle registrar urges you to remember in applying for plates by mail:

Be sure that your present address is the same as that shown on your white certificate. If you have moved mark out the old address and write in the new.

Same Fees As Last Year

The new law requires that you give the serial number of your car and the number of cylinders. Write this information on your certificate when you mail it in.

Do not send currency for your fee. Send certified checks, bank drafts or money orders.

The fee for registration is the same as last year, \$3 for passenger cars and for commercial vehicles weighing less than 3,000 pounds. The fee for vehicles above this weight is based on the weight and number of wheels.

If you have completed the payments on your car during the year end your pink certificate properly signed by the person or firm from whom the car was purchased and \$1 extra to complete and transfer would be \$4.

CHICO.—(U.P.)—A 5-pound box of candy, mailed from Sacramento on October 16, 1925, has just been delivered to Mr. and Mrs. A. B. Dodge of Paradise.

## EBY'S DOLLAR STORE OPENS BIG CLOSE OUT SALE FRIDAY

Must Clear All Stock in Three Weeks—So That Quarters May Be Taken Over By the So. Cal. Edison Co.

Because another tenant will take possession of the store room at 1328 Sartori avenue on January 1, M. Paul Eby, proprietor of Eby's Dollar and Specialties Store, located at that address, has inaugurated a gigantic storewide sale to clear his counters and shelves of merchandise before the date when he must vacate.

"This sale," said Eby, "coming as it does just at the beginning of the holiday shopping season, will afford Torrance buyers an excellent chance to find merchandise suitable for gifts, as well as articles for personal, every day use. Every article in the store, and this includes toys, fancy wearing apparel, notions, household furnishings, has been priced 'way down. The opportunity to stock up with desirable bargains perhaps will never be equalled."

**PAD CAUSES FIRE**

A defective heating pad caused damage to furniture estimated at \$75 at Grove C. Whyte's home on Post avenue Saturday night. The blaze was extinguished by Whyte shortly after it was discovered. Insurance covered the damage.

**DOUBLE CROP GRIDLEY.—(U.P.)—** Pear trees on the ranch of J. E. Fears are producing their second crop after a normal crop has already been harvested.

## News Story Has Yule Suggestion

Here's a Christmas suggestion as gleaned by a local merchant hot off the news columns of a newspaper: He said this:

"Did you read of the shipwrecked boys off Lower California who went 38 hours without food because they had nothing with which to open their plentiful supply of canned goods? There's a moral to that yarn which all parents should heed! See that your boy or girl has a good jack knife when they go hiking or sailing because it's a very good friend to have in time of need."

**SPECIAL OBSERVANCE**

All are cordially invited to the "Woman's Day" observance at the First Christian church, Sunday morning at 10:50 o'clock. Mrs. Hagin, a returned missionary from Japan, will speak of many interesting events in her work there.

## SAFETY RULES GIVEN FOR WET WEATHER MOTORING

Wet weather is here—drive carefully!

E. Raymond Cato, chief of the California Highway Patrol, so warned drivers of motor vehicles in California this week pointing out that driving conditions will be more hazardous during the rainy season than at any other period of the year.

December, January and February are high months in motor vehicle accidents, Cato said. A large number of them are traceable to the failure of the drivers to take weather factors, such as rain, fog and slippery roads, into consideration.

A general inspection of the car with particular attention to tires, brakes, lights and windshield wipers was urged by the patrol chief.

in wet weather as quickly as in dry weather.

Don't slam on the brakes in wet weather when coming to a stop. Avoid skidding by leaving the clutch engaged and braking gently until your car is under control.

Don't lose your head and slam on your brakes if you skid.

Don't use tires from which the tread is worn during wet weather. Smooth tires increase skidding danger.

Don't fail to have your lights and brakes tested for the wet weather season.

Don't allow your license plates to become occluded with dirt. Keep them clean.

**Some Safe "Don't's"**

Here are a few wet weather don'ts suggested by Chief Cato:

Don't drive at high speed on slippery streets and highways. Always have your car under control remembering you can't stop

## 60-YEAR SEPARATION

RENO, Nev.—(U.P.)—Brothers, separated 60 years, met in Reno when C. W. Lund, 61, of Bridgeport, Conn., arrived to visit Martin F. Lund, 78, pioneer Nevada,
