SPORTS

Bluebirds Will Play Two Games On Home Ground

Huntington Beach and Westminster, With Ex-Torrance Pitchers, Here Next

FRIDAY'S GAMES

Huntington Beach at Torrance.
Olive at Anaheim.
Whittier at Westminster.
Santa Ana at Long Beach.

TUESDAY'S GAMES

Westminster at Torrance.
Anaheim at Long Beach.
Huntington Beach at Whittier.
Olive at Santa Ana.

Because Manager Spud Murphy took his team to Santa Ana for the opener of the second half of the National Night Ball League games, he is planning to play two games at home, tomorrow night with Huntington Beach, with Lefty Morning chucking for the visitors, and the regular home game on Tuesday night next week with Westminster, with Morrell on the mound for the opposition.

Spud has lined up Roy Robinson, the pitcher who helped very materially to put the American Legion team out in front last year, and he will be given mound duty alternately with Pete Hargis, who is pitching a whale of a game but can't be expected to do it all.

Besides Hargis and Robinson, Spud has another utility pitcher in Hal Forney, who Spud says has nothing but a prayer but at the same time is mighty baffling to the batter. Forney regularly plays another position where he is top-notch, but can be used on the mound in an emergency.

The Bluebirds have dropped three in a row since the opening of the second half and are now pushing the Long Beach Acorns around in an effort to decide the ownership of the cellar berth. But that makes no never mind to the genial manager and his Bluebirds, as the team is going good and will win plenty of games yet. Just a little hard luck, that's all. Friday the Bluebirds lost to Olive, 9-0, and on Tuesday to Anaheim, 10-5. The Olive defeat was due to Spud's desire to try out a highly recommended pitcher from another league who proved to be ducksoup for the Olivers. By the time he could be jerked and a regular pitcher sent in the game was ruined. The Anaheim game was a good game, a good game, said Spud, but a couple of errors let in five runs and that was that.

Low Wage Scale Is Not Intended To Be Standard

County Charities Bureau Establishes 30-cent Rate to Provide More Work

The 30-cent wage scale established by the county charities department was not intended to be a standard wage scale, it was pointed out today by the county bureau of efficiency in answer to numerous letters of protest received by the board of supervisors. Union labor groups and civic bodies in Bell, Huntington Park, Lynwood and other east side organizations have protested the 30-cent wage, pointing out that it was setting an example for industry.

"Los Angeles county is not attempting to provide competitive employment by providing work for heads of families and paying them at the rate of 30 cents an hour, but simply and solely to give relief to those in need," the bureau's report states.

"It was felt that the rate of pay must not be high enough to make the recipient of county aid contented and cause him to make no effort to improve his condition. Therefore, the 30 cents an hour was decided upon. However, each man is permitted to work only long enough each month to earn money equal to the value of the budget to which he is entitled, which depends upon the size of his family. If paid at a higher rate, they would not be permitted to receive any more money than their budgets provide, and therefore would work fewer days each month.

"We believe that the longer these men are gainfully employed each month the longer they will be kept away from harmful influences, and that both they and the community will be better off."

GOV. ROLPH COMING TO INGLEWOOD

INGLEWOOD.—Governor James Rolph, Jr., will be present to open the Centinela Pageant at Inglewood on Friday, July 22, it was learned today. The governor will arrive by plane in time for dinner at Centinela Park. The pageant committee is inviting residents of Torrance and other communities to the opening ceremonies. Dinner tickets, including admission to the pageant, are on sale at the Torrance Chamber of Commerce.

Aquatic Ace

John Paulsen, 17, captain of the Santa Maria, California, high school swimming team and holder of all Southern California interscholastic records for 60-foot tanks. As a member of Los Angeles Athletic Club team, which went to Hawaii last summer, Paulsen placed second in the breast stroke.

Wilmington Club Must Pay Fighter For Cancelled Bout

The Wilmington Athletic Club must pay Joe Guerrero, prize fighter, the sum of $600 because he assertedly was deprived of a bout with Santiago Zorilla, under the terms of a judgment on file today in Los Angeles over the signature of Superior Judge Henry R. Neville.

Guerrero in his complaint stated a bout had been arranged for September 26, 1930, but was called off. Although the state boxing commission, Zorilla and his manager, Wirt Ross, also were named as defendants, Judge Neville directed the judgment against the athletic club only.

Merchants Slip Still Further In Sunday Game

Lose By One Run to E. K. Wood Outfit In Hard Fought Contest

Lomita Merchants continued on their downward journey Sunday when they took a trimming from the E. K. Wood outfit by the close score of 4 to 3. They will meet Thielman's Cabrillo team of Los Angeles next Sunday on the home grounds, and are hoping to break their losing streak. Ordinarily the Merchants would have no difficulty in putting away these two teams as they have beaten both of them decisively in other games.

The loss of Riley Hamilton, star pitcher for the Merchants, was somewhat of a blow, but the team is not letting it seriously affect their morale. Johnny Yelovich continues to pitch a good game and is one of the mainstays of the outfit.

Spud's Bluebirds Lose to Lomita Nightmen Thurs.

The Lomita Nightmen turned the well known tables on the Bluebirds Thursday night when they met the Torrance outfit on their home grounds at Border and Carson street, and defeated them by a score of 9 to 7. This paves the way for the play-off, which will take place in a short time to decide the question as to which team is the class.

Lomita will play the Redondo 20-30 team at Lomita tonight. Game will be called at 8 o'clock.

Wrecked Fishing Barge Offered As Navy Target

Supervisor John Quinn has offered the wrecked fishing barge Thos. F. Emigh to the navy to be used as a target for gunfire. The Emigh is now anchored some 300 yards off shore at the foot of Topaz street, Redondo Beach. It is almost submerged, only the superstructure fore and aft being above water. Should the supervisor's offer not be accepted the fate of the Emigh is in doubt, but it will probably be towed far out to sea and destroyed.

Its presence offshore remains a financial menace to communities for if it should again wander from its anchorage and come ashore on the Torrance or other city-owned beaches it is reported that it may be difficult to induce the county to spend any more money to remove it.
